Branco, 1986 *Chile Underground* Andra B Chastain, 2024-11-12 A fascinating historical examination of the Santiago Metro system as a microcosm of Chilean national identity during the twentieth century The Santiago Metro the largest urban infrastructure project in Chile s history was designed in the 1960s in response to rapid urban growth Despite the upheavals of Salvador Allende s democratic socialism 1970 1973 and Augusto Pinochet s military dictatorship 1973 1990 the project survived and is now the largest metro system in South America What explains its success How did its meaning shift under democracy and dictatorship What does its history reveal about struggles for a more just city Drawing on Chilean and French

archives Andra B Chastain demonstrates that Chilean French relations and French financing were crucial to the project's survival during the Cold War The Metro's history also illuminates the contested process of implementing neoliberalism and the unexpected continuities of state planning and visions for a rational city that persisted despite free market reforms Most important this story shows that the Metro came to symbolize the nation and became a critical site where planners workers and urban residents contested Chile's path to modernity

The Underground Wealth of Nations Jeannette

Graulau,2019-01-01 Silver mining was a capitalist business long before the supposed origin of modern capitalism Hundreds of years before a sixteenth century crisis in European agriculture led to the origins of capital investment and finance the silver mining industry exhibited many of the features of modern capitalism Silver mines were large scale businesses that demanded large investments and steady cash flow achieved by spreading that risk through fungible shares and creating legal structures to protect entrepreneurs from financial disaster Jeannette Graulau argues that mining preceded agriculture as the first true capitalist enterprise of the modern world
