This paragraph is going to go over briefly everything covered in your paper and bring up any conclusions you would like your audience to consider. In an APA formatted paper, many things make up an “A” APA paper. Getting your research, your ideas, and your data across to your reader effectively is the focus of APA paper. Formatting, transitions, using quotes effectively, and in-text citations are only some of the things that help you get those ideas across to your academic audience. After your conclusion paragraph, you would insert a page break and start your Reference page. On your Reference page, you sort the entries alphabetically and put it in hanging format as illustrated below. In MS Word, you can find the hanging format in the paragraph options, under the section Indentation, on the drop down menu next to Special.
