

Character Analysis: Lady Macbeth

Lady Macbeth is the deuteragonist in this drama: the wife of Macbeth, she shares his lust for power. Our initial impressions of Lady Macbeth are that she is, as Malcolm describes her at the close of the play, indeed "fiend-like" as, when she learns of Duncan's visit to Dunsinane her thoughts turn immediately to regicide. Without pause, she summons evil "spirits" and commands them to "make thick my blood" so that "no compunctious visitings of Nature" shake her wicked intention to murder the King.

Interestingly, in this soliloquy Lady Macbeth imagines committing the regicide herself as she asks to be wrapped in the blackest smoke of Hell "so that my keen knife sees not the wound it makes." Later, she privately admits in an aside: "Had he not looked like my father as he slept, I had done't," suggesting that Lady Macbeth is not as "fiend-like" as is sometimes argued. Certainly, she is not naturally "fiend-like" or she would not have sought assistance from the "murdering ministers" she conjures when the audience first meet her, even though she willingly submits to their wicked influence.

It is arguable that Lady Macbeth is subconsciously repelled by the thought of regicide because when she is pressuring her husband to commit the deed she avoids using the word "murder": instead she

Advanced Placement Classroom Daniel G. Lipowitz, James Conley, 2021-09-03 Advanced Placement Classroom Macbeth is a teacher friendly resource for using one of Shakespeare's greatest tragedies in the Advanced Placement classroom. Students will examine the play critically and analytically to understand aspects such as the nature of villainy and the history of the events that inspired the play. An extended section provides teachers with information on societal implications that impacted the play's creation including witchcraft and The Gunpowder Plot. Teachers also will be able to implement exciting hands-on projects such as putting Macbeth on trial for the murder of Banquo and developing a soundtrack for the play. Grades 7-12

Literary Studies Deconstructed Catherine Butler, 2018-05-22 Literary Studies Deconstructed critiques the state of Literary Studies in the modern university and argues for its comprehensive reconstruction. It argues that Literary Studies as currently practised avoids engaging with much of literary experience and prioritises instead the needs of critics as a professional community to teach and assess students to demonstrate the creation of knowledge and to meet the demands of governments, funders and other bodies. The result is that many areas centrally important to lay readers are largely omitted from critical discussion. Moreover, critical writing and its conventions are framed so as to mask and repress the subject's contradictions. This lively and provocative book will be of interest to undergraduate and postgraduate students with an interest in the critical profession or literary theory as well as to Literary Studies academics.

Women and Shakespeare in the Eighteenth Century Fiona Ritchie, 2014-06-02 This book establishes the significance of actresses, female playgoers and women critics in shaping Shakespeare's burgeoning reputation in the eighteenth century.

Moral Injury and the American Veteran Richard E. La Fleur, 2024-12-16 Richard E. La Fleur's *Moral Injury and the American Veteran* Finding Meaning in Trauma, Guilt and Shame explores how moral injury, the collective manifestation of shame and guilt as a result of betrayal and transgression experienced by veterans returning from war, deeply affects one's ability to recover from traumatic stressful events and to find meaningfulness in the world. La Fleur combines a phenomenological framework with first-hand testimonies from veterans experiencing moral injury and post-traumatic stress disorder (PTSD) to deepen the reader's understanding of these life events. Through this approach, he examines two main ideas: 1. moral injury is the main source of guilt and shame experienced by veterans and reduces a person's ability to find meaning in their life or to form meaningful connections with others; and 2. moral injury cannot fully be understood through pathology; rather, it invites an integrative approach to explicate an existential healing process for the sufferer. Connecting meaningfulness and the power of lived experiences, this book uses a holistic approach to reveal the human condition. *Moral Injury and the American Veteran* is an important resource for psychology scholars, religious leaders, health care workers, practitioners and those who serve our veteran communities.

The Arden Research Handbook of Shakespeare and Adaptation Diana E. Henderson, Stephen O'Neill, 2022-03-24 The Arden Research Handbook of Shakespeare and Adaptation explores the dynamics of adapted Shakespeare across a range of

literary genres and new media forms This comprehensive reference and research resource maps the field of Shakespeare adaptation studies identifying theories of adaptation their application in practice and the methodologies that underpin them It investigates current research and points towards future lines of enquiry for students researchers and creative practitioners of Shakespeare adaptation The opening section on research methods and problems considers definitions and theories of Shakespeare adaptation and emphasises how Shakespeare is both adaptor and adapted A central section develops these theoretical concerns through a series of case studies that move across a range of genres media forms and cultures to ask not only how Shakespeare is variously transfigured hybridised and valorised through adaptational play but also how adaptations produce interpretive communities and within these potentially new literacies modes of engagement and sensory pleasures The volume s third section provides the reader with uniquely detailed insights into creative adaptation with writers and practice based researchers reflecting on their close collaborations with Shakespeare s works as an aesthetic ethical and political encounter The Handbook further establishes the conceptual parameters of the field through detailed practical resources that will aid the specialist and non specialist reader alike including a guide to research resources and an annotated bibliography

Shakespeare and Feminist Performance Sarah Werner,2005-07-08 How do performances of Shakespeare change the meanings of the plays In this controversial new book Sarah Werner argues that the text of a Shakespeare play is only one of the many factors that give a performance its meaning By focusing on The Royal Shakespeare Company Werner demonstrates how actor training company management and gender politics fundamentally affect both how a production is created and the interpretations it can suggest Werner concentrates particularly on The influential training methods of Cicely Berry and Patsy Rodenburg The history of the RSC Women s Group Gale Edwards production of *The Taming of the Shrew* She reveals that no performance of Shakespeare is able to bring the plays to life or to realise the playwright s intentions without shaping them to mirror our own assumptions By examining the ideological implications of performance practices this book will help all interested in Shakespeare s plays to explore what it means to study them in performance [Publications](#) New Shakspeare Society,1881
