GEOValue Jamie Kruse, Joep Crompvoets, Francoise Pearlman, 2017-11-15 Quantifying the social and economic value that geospatial information contributes to modern society is a complex task. To construct reliable and consistent valuation measures requires an understanding of the sequence of processes that starts with data acquisition and leads to decision makers choices that impact society. GEOValue explores each step in this complex value chain from the viewpoint of domain experts spanning disciplines that range from the technical side of data acquisition and management to the social sciences that provide the framework to assess the benefit to society. The book is intended to provide foundational understanding of the techniques and complexities of each step in the process. As such it is intended to be assessable to a reader without prior training in data acquisition systems information systems or valuation methods. In addition a number of case studies are provided that demonstrate the use of geospatial information as a critical input for evaluation of policy pertaining to a wide range of

Protecting the Welfare of Individuals Operating in Organized Sport James L. Rumbold, Ashley Stirling, Louise Davis, James Newman, Andrew J. Higham, 2025-03-26 The issue of welfare in sport has become paramount in recent years This has led various individuals who operate in sport e g the media professional bodies and researchers to consider aspects such as safeguarding clean sport overtraining and the wider ethics surrounding the duty of care of those involved in sport Focusing greater attention on understanding these aspects is critical given the potentially deleterious effects these aspects may have on the well being and mental health of individuals who are subjected to wrongdoing in sport Furthermore by focusing on safeguarding clean sport overtraining and the wider ethics surrounding the duty of care and addressing wrongdoing it provides a critical opportunity to improve cultures in sport and make this a more prosocial environment for all involved Given the need to promote a prosocial environment in sport as well as the need to address wrongdoing in this context it is unsurprising that some researchers professional bodies and sport organizations have tasked themselves with the protection of individuals in this context To date work has been undertaken to explore how issues concerning the welfare of individuals are understood to consider the impact of the sporting culture on the

protection or otherwise of individuals operating in sport and to develop potential interventions which may protect those involved in this context Numerous positive advances have been made to understand and improve the welfare and well being of those involved in sport as well as to raise awareness and education at the micro e g peer to peer meso e g coach athlete coach parent parent athlete exo e g professional leagues national governing bodies and macro system e g media and societal views levels Despite this these advances have not necessarily been well communicated between system levels or across international perspectives Continued efforts are therefore needed to disseminate research findings policy and practice developments in this area Therefore the goal of this research topic is to bring together a collection of papers that are concerned with protecting the welfare of individuals who may operate at varying system levels within organized sport

press releases voith - Dec 09 2022

web the voith variable speed fluid coupling type 510 svl has been operating reliably since 1956 without unplanned downtime using the speed control capability of the boiler feed pump the main control component of a power plant the operator can easily match his process to the fluctuating energy demand of his customers

variable speed fluid couplings brochure 2014 voith pdf - May 02 2022

web voith variable speed fluid couplings can reach power transmission levels ranging from 100 kw up to 10000 kw in drivelines with electric motors or internal combustion engines they control the speed of the driven machine ensuring that it consistently runs at the speed best suited to your purpose

voith fluid couplings working principle en youtube - Jan 30 2022

web jun 11 2019 159 26k views 4 years ago the wear free power transmission of voith fluid couplings is explained in this simple demonstration the hydrodynamic working principle of torque transmission through

voith variable speed couplings en youtube - Nov 08 2022

web jun 11 2019 voith variable speed couplings en voith group 15 5k subscribers 3 230 views 3 years ago speed regulation with voith variable speed couplings yields tremendous energy savings

variable speed drives voith - May 14 2023

web our solution includes a range of variable speed drives vsds that keep your systems running at optimum speed whether

you operate in the power or oil and gas industry voith provides reliable and efficient variable speed drives supporting transmittable power ranges from 100 kw to 65 000 kw

voith turbo inc variable speed turbo coupling svtl series - Feb 11 2023

web variable speed turbo coupling svtl series self supporting tunnel design the rotating parts are supported in a sealed oil tight housing the main motor and the driven machine are linked to the turbo coupling via shaft couplings the oil tank is integrated into the housing and the oil pump is driven by the input shaft by a set of gears

voith variable speed fluid couplings pdf pump - Jan 10 2023

web voith variable speed turbo couplings are fluid couplings connecting the prime mover in most cases an electric motor with the driven machine the coupling transmits the power by means of the kinetic energy of the fluid mostly oil circulating in a closed working chamber between the pump wheel on the input shaft and an identical turbine wheel

reliable speed control geared variable speed couplings - Aug 05 2022

web the principle the geared variable speed coupling combines a hydrodynamic variable speed coupling and a mechanical gearbox in one compact unit input powers from 1 to 30 mw and output speeds of up to 20 000 rpm are possible

hydrodynamic torque converters voith - Mar 12 2023

web variable speed drives hydrodynamic torque converters simple reliable operation that is customized to your requirements

geared variable speed couplings voith - Jul 16 2023

web the r gs m geared variable speed coupling is used in conjunction with 2 pole standard motors it converts the fast input speed into an even higher output speed the design of the r gs m type is based on the r k m geared variable speed coupling the hydrodynamic variable speed coupling is arranged in front the gear stage

the right speed variable speed fluid couplings - Apr 13 2023

web voith variable speed couplings are fluid couplings they link the drive machine generally an electric motor with the corresponding driven machine the power is transferred through the fluid energy of the working fluid this fluid flows in an enclosed working chamber between the pump wheel

voith turbo transmissions - Feb 28 2022

web voith turbo transmissions

variable speed fluid couplings voith - Aug 17 2023

web for precise and step less speed control of motor driven machines within a power range from 100 kw to 35 000 kw and with input speeds up to 3 600 rpm voith s variable speed fluid couplings provide you with one of the best documented solutions on the market with over 15 000 installations worldwide

efficient and reliable speed control voith variable speed drives voith - Jun 15 2023

web the most economical means of controlling speed with minimal maintenance and investment voith geared variable speed couplings are ideal for pumps and compressors in the power range of up to 40 mw or 20 000 rpm speed regulation range 25 100 learn more about geared variable speed couplings

[voith geared variable speed couplings 1 pdf pdf scribd](#) - Sep 06 2022

web nuclear power plants voith geared geared variable speed coupling for rough and extreme conditions variable speed couplings meet virtually all requirements be it the year after year with a minimum these requirements both in the smooth acceleration of motor and of main tenance and maximum

[efficient control of pumps and compressors vorecon variable speed](#) - Apr 01 2022

web controlling the speed of pumps compressors and blowers translates into major energy savings the typical vorecon installation can be amortized in just a few short years of service intelligent drive control applications the vorecon is ideal for variable speed drive applications in power ranges from 1 to over 50 mw in the oil and gas
