Sage Act Pro 2015 User Guide:

A Handbook for Student Nurses, third edition Wendy Benbow, Gill Jordan, Anneyce Knight, Sara White, 2021-08-09 A Handbook for Student Nurses is widely recommended in institutions across the UK and is essential reading for new students. The book provides an introduction to the essential background knowledge that pre-registration nursing students need as a foundation for their training. This third edition has been thoroughly revised to reflect the new NMC standards of proficiency for registered nurses and the most recent update of the NMC Code. It also features a completely new chapter on health promotion and incorporates the very latest developments in nurse education and in the health service. A Handbook for Student Nurses covers the core of first year nursing studies: Practice supervision and assessment; Communication; Legal and professional issues; Values, ethics and cultural awareness; Reflection and personal development; Quality care and evidence-based practice; Study skills; Public health and promoting health and wellbeing. An excellent introductory text for student nurses written in a clear and illuminative style. Lecturer Adult Nursing

[The Best Interests Assessor Practice Handbook](#) Rachel Hubbard, Kevin Stone, 2022-10-25 The Best Interests Assessor BIA Practice Handbook is firmly grounded in real life practice and remains the only textbook focusing directly on the BIA role. Offering clear and practical advice on the legal elements of the role and the values and practice elements of working within the Deprivation of Liberty Safeguards DoLS framework, this is essential reading for BIA students and practitioners. This fully updated edition takes account of recent legislative changes including the planned changes from the Liberty Protection Safeguards LPS, recent case law and the impact of the COVID 19 pandemic on BIA practice. Packed with advice on delivering effective person-centred rights-driven practice, it includes case studies, legal summaries, decision-making activities, CPD support, examples of new case law in practice. Looking forward, the book considers the new context for practice in the Approved Mental Capacity Professional AMCP role within the LPS and the potential roles that BIAs might fulfil in this new framework in the future.

Using the Law in Social Work Robert Johns, Jacqueline Harry, 2022-11-23 A core function of social work is to assist, empower and protect the most vulnerable in society. Social workers make difficult decisions in complex and challenging situations every day. They work in organizations that have clear statutory duties. Therefore, it is essential that social work students know what their responsibilities are. Familiarity with law, legislation and legal processes is consequently fundamental to sound social work practice. This best-selling book will help you gain this foothold in understanding law as it applies to social work practice. It avoids complicated legal jargon remote from the everyday realities of practice, offering instead a grounding in legally appropriate rights-based social work. It covers the full range of social work law, including services for children and families and child protection, adult care law, youth justice, court work, professional regulation and human rights.

Policy and Planning Wayne N. Welsh, Philip W. Harris, 2016-03-31 Unlike other textbooks on the subject Criminal Justice Policy and Planning Planned Change Fifth Edition presents a comprehensive and structured account of the process of administering planned change in the criminal justice system Welsh and Harris detail a simple yet sophisticated seven stage model which offers students and practitioners a full account of program and policy development from beginning to end The authors thoughtfully discuss the steps analyzing a problem setting goals and objectives designing the program or policy action planning implementing and monitoring evaluating outcomes and reassessing and reviewing Within these steps students focus on performing essential procedures such as conducting a systems analysis specifying an impact model identifying target populations making cost projections collecting monitoring data and performing evaluations In reviewing

these steps and procedures students can develop a full appreciation for the challenges inherent in the process and understand the tools that they require to meet those challenges To provide for a greater understanding of the material the text uses a wide array of real life case studies and examples of programs and policies Examples include policies such as Restorative Justice Justice Reinvestment Stop and Frisk and the Brady Act and programs such as drug courts community based violence prevention and halfway houses By examining the successes and failures of various innovations the authors demonstrate both the ability of rational planning to make successful improvements and the tendency of unplanned change to result in undesirable outcomes The result is a powerful argument for the use of logic deliberation and collaboration in criminal justice innovations
