**Air Transport Provision in Remoter Regions**

Svein Bråthen,2016-03-23 This book stems

from a series of biennial conferences devoted to issues affecting air transport provision in remoter regions that have been organized by the Centre for Air Transport in Remoter Regions at Cranfield University The primary aim of the conferences has been to provide an opportunity for those responsible for operating managing regulating and financing air transport services and associated infrastructure in these areas to be informed of the latest best practice initiatives to contrast different policy approaches and to debate potential solutions to perennial problems Remoter regions has been a neglected area of air transport as much of the focus of public and media attention is on the larger airlines airports and aircraft While the number of large airports in the world is in the hundreds there are many thousands of smaller airports providing communities all over the globe with vital air links More often than not these services and the airports to which they are operated are loss making and require subsidies to sustain them There are therefore many more interested parties involved in both providing and deciding issues relating to the provision of air transport in these situations most especially central regional and local governments who are charged with financing these activities The book contains 17 chapters from experts in remote region air transport within the following 5 sections Key economic and socio economic issues Subvention mechanisms Route development initiatives Infrastructure provision Issues affecting the provision of air services in remoter regions

**A new imperative** Chris Duke, Michael Osborne, Bruce Wilson, 2016-05-16 At a time in history when global challenges are becoming more intractable and threatening it makes sense to draw on the specialist expertise of our universities Much of government interest in doing so has typically focused on the major research institutions with their records of new discovery and invention However there is extensive evidence that the greatest opportunities are at regional level Despite globalisation regions are becoming more and more important as sites of identity and policy intervention Regions can take their futures into their own hands and their local universities are a crucial resource of expertise to support these initiatives However there have been significant barriers to effective cooperation between universities and their regional authorities This book provides an analysis of these circumstances and draws on an international research project to point academics policy makers and practitioners in the right direction It provides extensive evidence from this project to support its argument

**Theatre and The Rural** Jo Robinson, 2016-06-29 How has theatre represented the rural And how does a re-viewing of theatre of and in the rural help to build and complicate our sense of place Theatre the Rural explores the different ways in which theatre has performed the rural from the medieval to the contemporary and examines the changing relationships between place performance and audience when theatre is staged in rural communities The book argues that theatre has a key role to play in both producing and potentially changing understandings of the rural challenging dominant views of the relationships between city and country which can affect the political social and cultural lives of the nation
