

Reflection of: Research Paper

Research paper assignment consider as a complete and detailed document of measuring quality assurance of a specific organization whether educational or private one. This assignment enable us to express our knowledge of the concepts, tools and methods that will used for measuring the quality of targeted institutions which is Mohammed bin Shikan School (1 -0) of basic education circle two. This assignment is considered as a complementary for the previous one which is the quality assurance plan diagram. I started this assignment by stating the main goal and the related objectives of this research paper then, I have mention to targeted three main areas which is the personnel who are dealing with the learning resource centre of Mohammed bin Shikan School whether teachers or students, the content whether traditional or digital one and finally the environment of the learning resource centre and the different equipment and facilities that available at the centre. Also, for each of these areas I have created a special tools and methods that can help on collecting the needed data and presenting it in effective and understandable way. At the end we state the conclusion of the overall research paper in a term of strong, weak point and our recommendations which consider as a feedback of the all previous processes. In overall, this assignment -as mention above- enable us to express our knowledge of the concepts, tools and methods that we have studied and should apply it for measuring the quality of any educational or private institution. Also, it helps us to enhance our English writing and expressing our thoughts and ideas.
