Dicke, 1992 Using a series of case studies from five industries Dicke analyzes franchising a marketing system that combines large and small firms into a single administrative unit strengthening both in the process He studies the franchise industry from the 1840s to the 1980s closely examining the rights and obligations of both the parent company and the franchise owner A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value *Franchise Opportunities Handbook*, 1994 This is a directory of companies that grant franchises with detailed information for each listed franchise **Franchise Opportunities Handbook** United States.
