 teaching that can occur in the broad context of state level testing In this book the chapter authors and I bring the particular
 state history tests more to the fore and examine how teachers are responding to them At the heart of Measuring History are
 cases of classroom teachers in seven states Florida Kentucky Michigan New York Texas Mississippi and Virginia where new
 social studies standards and new and generally high stakes state level history tests are prominent In these chapters the
 authors describe and analyze the state s testing efforts and how those efforts are being interpreted in the context of
 classroom practice The results both support and challenge prevailing views on the efficacy of testing as a vehicle for
 educational reform Catherine Horn University of Houston and I lay the groundwork for the case studies through a set of
 introductory chapters that examine the current environment the research literature and the technical qualities of history
