The first section lists your child's name, date of birth and other basic details. It also includes your family's contact information. The date of the IFSP meeting may be noted, too.

The system coordinator is the person responsible for making sure the IFSP is carried out. Other members of the IFSP team may be listed here also or at the end of the plan.

- This describes your child's current abilities and skills. These can include:

- Concerns and Priorities**
This is a statement of your child's strengths and challenges. You'll help create it. Any concerns you have about your child and the priorities for his progress will also be noted here.

or Outcomes
This important section lays out the goals ("outcomes") for your child, how they'll be met and how your child's progress will be measured. These goals can also help the IFSP team decide if services should be added or changed.

This describes the early intervention services your child and family will get. The plan should specify where the services will be provided, how often they'll be provided and how long each session will last.

Settings
Services in an IFSP should be provided at home, in day care or in other "natural environments" for your child. If a service is provided in a place kids his age would not typically be, this section will explain why.

Some services that your child and family need may not be paid for by early intervention. But they're listed here to give you a complete picture. Potential sources of funding are also noted.

Parent Consent
Your consent is required before early intervention services can be provided. Some IFSPs have a signature line.
