Financial Inclusion and Digital Transformation Regulatory Practices in Selected SADC Countries Howard

Chitimira,Tapiwa Victor Warikandwa,2023-03-28 This book investigates the regulation and promotion of financial inclusion and provides a comparative analysis of the regulation promotion and enforcement of the relevant laws in the SADC in particular South Africa Namibia Botswana and Zimbabwe as well as the challenges of financial inclusion In turn it evaluates financial inclusion in the context of specific challenges faced by unbanked and underbanked customers who are easy targets for cyber criminals because they tend to have lower levels of digital literacy The book presents novel discussions that identify the challenges and flaws associated with the enforcement of financial inclusion laws and related measures intended to promote financial inclusion in the SADC region This is primarily done in order to reveal the current strengths and weaknesses of financial inclusion laws in relation to certain aspects of the companies securities and financial markets in the region For example there is no common financial inclusion instrument law that is effectively and uniformly applied throughout the SADC This has impeded the enforcement authorities efforts to effectively combat financial exclusion across the region The book is likely the most comprehensive study to date on the regulation and promotion of financial inclusion in the SADC region and fills a major gap in SADC and African legal jurisprudence As such it offers a valuable asset for policymakers attorneys bankers securities share holders and other market participants who deal with financial inclusion as well as undergraduate and graduate students interested in the topic

Post-colonial struggles for a democratic Southern Africa Carolyn Bassett,Marlea Clarke,2017-06-26 National liberation one of the grand narratives of the twentieth century has left a weighty legacy of unfulfilled dreams This book explores the ongoing struggle for legitimate accountable political leaders in postcolonial Southern Africa focussing on dilemmas arising when ex liberation movements form the governments While the spread of multi party democracy to most countries in the region is to be celebrated democratic practice often has been superficial a limited elitist politics that relies on the symbols of the liberation struggle to legitimate de facto one party rule and authoritarian practices Using country cases from Tanzania Swaziland Zimbabwe South Africa and Zambia the collection explores three subthemes relevant to postcolonial governance in Southern Africa how the struggle for liberation shapes the character of political transformation the nature of rule in one party dominant states headed by former liberation movements and the processes of governance and resistance in post liberation contexts This book was published as a special issue of the Journal of Contemporary African Studies

How Development Projects Persist Erin Beck, 2017-05-18 Erin Beck examines microfinance NGOs working with poor rural women in Guatemala to show how these women creatively and strategically use the NGOs to their own benefit in ways that do not necessarily match the goals of the NGOs

demonstrating that development projects are often transformed and persist in unexpected ways Uniting on Food Assistance Christopher Barrett, Julia Steets, 2011-12-20 This book chronicles the most essential causes and implications of these trends which have expanded international food assistance well beyond the simple shipment of donated food aid commodities We pay particular attention to how these trends shape and are shaped by European Union EU and United States U S food assistance policy and practice and highlight the principles to which donors can adhere to move international food assistance forward *Inequality around the World* Deric Shannon, 2025-02-06 A two volume set intended for readers interested in understanding the political and cultural underpinnings of socioeconomic inequality across the globe *Inequality around the World* examines key drivers and shapers of inequality at the local national and international level The two volume set includes 33 in depth chapters covering such issues as public and private healthcare environmental protection and pollution housing disability women s rights land policies antisemitism sexual orientation and gender diversity race and racism political representation and access to higher education Each chapter compares and contrasts conditions in major countries including the USA Russia India China and Germany as well as in wider regions like the Middle East West Africa Central America and Eastern Europe Scrupulously researched and wide ranging in coverage *Inequality around the World* provides an in depth survey of socioeconomic inequality in the 21st century in all its many forms *Resolving the Climate Change Crisis* Philip Lawn, 2016-02-29 This book explains why the climate change crisis is a symptom of a much larger underlying problem namely humankind s predilection with continuous GDP growth Given this starting point the world s high income nations must begin the transition to a qualitatively improving steady state economy and low income nations must follow suit at some stage over the next 20 40 years Unless they do a well designed emissions protocol will be as useless as the paper it is written on Adopting an ecological economic approach this book sets out why we must abandon the goal of continuous growth how we can do so in a way that improves human well being what constitutes a safe atmospheric concentration of greenhouse gases and what type of emissions protocol and emissions trading framework is likely to achieve a desirable climate change outcome Failure of the world s leaders to achieve these goals will not only put future human well being at risk it will threaten freedom in the liberal democratic tradition and international peace **Ghana's Foreign Policy** Charles Asante, 2024-08-19 Ghana s Foreign Policy Kwame Nkrumah s Normative Legacy and Pan Africanism examines Ghana s foreign policy in the post independence era focusing on the enduring legacy of Kwame Nkrumah This book also analyzes the complexity of post independence foreign policy decision making and the influence of the post colonial narrative during the Cold War In this study Charles Asante argues that the significance and continuity of Nkrumah s legacy is often attributed to his pan Africanist leadership on the African continent fervently articulating an independent African foreign policy Leaders like Nkrumah considered themselves as the redeemers of Africa s political and economic vulnerability from its colonial experiences Asante finds that in contrast to the positive experience associated with his independence movement for

Ghana Nkrumah could not build the same kind of vision engagement and networks among other African nationalist leaders necessary for successful promotion of a Pan African region Despite Nkrumah s own foreign policy failures in the Congo the United States of Africa project and his sudden overthrow in 1966 Nkrumah s Pan African vision is still promoted as an important foreign policy objective by Ghana s politicians public servants military and academics

Climate Vulnerability

,2013-03-15 Climate change has been the subject of thousands of books and magazines scientific journals and newspaper articles daily It s a subject that can be very political and emotional often blurring the lines between fact and fiction The vast majority of research studies projections and recommendations tend to focus on the human influence on climate change and global warming as the result of CO2 emissions often to the exclusion of other threats that include population growth and the stress placed on energy sources due to emerging global affluence Climate Vulnerability Five Volume Set seeks to strip away the politics and emotion that surround climate change and will assess the broad range of threats using the bottom up approach including CO2 emissions population growth emerging affluence and many others to our five most critical resources water food ecosystems energy and human health Inclusively determining what these threats are while seeking preventive measures and adaptations is at the heart of this unique reference work Takes a Bottom Up approach addressing climate change and the threat to our key resources at the local level first and globally second providing a more accurate and inclusive approach Includes extensive cross referencing which is key to readers as new connections between factors can be discovered Cuts across a number of disciplines and will appeal to Biological Science Earth Environmental Science Ecology and Social Science comprehensively addressing climate change and other threats to our key resources from multiple perspectives
