Planning Guide for Maintaining School Facilities Tom Szuba, 2003 Professional Housing Management Practices in Hong Kong Rebecca Lai-Har Chiu, 2006-10-01 Professional housing management is of growing importance in Hong Kong and the Hong Kong management model is adopted in many neighbouring high density cities. However, there has been by far no literature on the subject of housing management practices in Hong Kong. This book is therefore crucial in understanding how housing management makes significant contributions to the safety, viability, liveability and vibrancy of our high density and high rise environment. Since the late 1980s, housing education in this city has developed by leaps and bounds. A recent study found that over 3 000 junior practitioners would be seeking professional training or further study for career advancement. This book is an indispensable aid to self study or taught courses.

Embedded Commissioning of Building Systems
Ömer Akin, 2011 In today's digital green and consumer driven marketplace it is critical to be knowledgeable about the latest approaches, tools and systems that can help you seamlessly and reliably conduct building performance verification assessments. This groundbreaking book provides you with a solid understanding of the underpinnings of embedded commissioning (ECx) as the overarching building evaluation approach. You find a review of significant and emerging approaches within ECx including product models, process models, BIM, building information modeling, laser technology based modeling, mapping between process and product models, building codes and data access and exchange standards. Moreover, this forward looking resource provides you with details on the latest research findings in the areas of sensor networks, value based design, fields, tools and AR/VR methods, just in time technologies and wearable computers.
