The Slightly Awesome Teacher Dominic Salles,2016-08-15 Most books on teaching ask teachers to be inspirational to operate at 100 miles an hour with creativity oozing out of every pore Dominic Salles says that s unsustainable But you can get brilliant results using some simple practices taken from the myriad of educational research on classroom practices It isn t a guide to all the extra stuff you should do to become cool and awesome It is a book that will get you to forget about teaching

and think about learning another way of saying it will help you to stop stressing about what you do and get the students to work harder and smarter at what they do Dominic Salles believes that every teacher can be slightly awesome And here he shows you how Lectures on the Science of Language Friedrich Max Müller,1871 *The Book of Plenary* Phil Beadle,2013-08-26 You paint an outside wall It rains What happens to the paint It runs off of course So it is with our students We teach them something We can t be bothered to do the recap the plenary as we don t have any ideas They leave the lesson They promptly forget what you have taught them There was no point their being in the lesson in the first place The world continues turning This practical little book of plenaries does what it says It delivers a series of simple ideas for how to make your lesson endings or mid lesson recaps interesting engaging and cognitively challenging Apply the ideas in this book and your students will leave the lesson with the information you have taught them still in their heads
