Plaidoyer Pour l'altruisme:

Plaidoyer pour l'altruisme Matthieu Ricard, 2013-09-19 Rien n'est plus puissant qu'une idée dont le temps est venu Victor Hugo Saturés d'images violentes confrontés à un monde en crise où semblent régner le plus souvent individualisme et cynisme nous n'imaginons pas l'importance et la force de la bienveillance le pouvoir de transformation positive qu'une véritable attitude altruiste peut avoir sur nos vies et partant sur la société tout entière Moine bouddhiste depuis plus de quarante ans Matthieu Ricard expérimente les vertus de l'altruisme au quotidien Avec le sens de la pédagogie qui a fait son succès l'auteur de Plaidoyer pour le bonheur nous démontre point par point que l'altruisme n'est ni une utopie ni un vœu pieux mais une nécessité voire une urgence Et qu'il s'impose comme la solution nos maux contemporains dans de plus en plus de domaines Au carrefour de la philosophie de la psychologie des neurosciences de l'économie de l'écologie ce livre est la somme d'années de recherches de rencontres d'expériences d'observations et de réflexion Lucide mais optimiste un essai aussi passionnant que convaincant

Plaidoyer pour le vivant Matthieu Ricard, 2023 , **Altruism** Matthieu Ricard, 2015-06-02 The author of the international bestseller Happiness makes a passionate case for altruism and why we need it now more than ever In Happiness Matthieu Ricard demonstrated that true happiness is not tied to fleeting moments or sensations but is an enduring state of soul rooted in mindfulness and compassion for others Now he turns his lens from the personal to the global with a rousing argument that altruism genuine concern for the well being of others could be the saving grace of the 21st century It is he believes the vital thread that can answer the main challenges of our time the economy in the short term life satisfaction in the mid term and environment in the long term Ricard's message has been taken up by major economists and thinkers including Dennis Snower Amartya Sen Joseph Stiglitz and George Soros Matthieu Ricard makes a robust and passionate case for cultivating altruistic love and compassion as the best means for simultaneously benefitting ourselves and our society It's a fresh outlook on an ardent struggle and one that just might make the world a better place **Towards a New**

International Monetary Order Koen Bystebier, 2017-05-25 This book presents a thorough and critical evaluation of the monetary and financial system prevalent in Western economies Further it seeks to explain why this system so often leads to financial crises and why they have been dealt with unsatisfactorily in the past In order to provide answers to these questions the book investigates the monetary and financial system from a multidisciplinary perspective with a strong focus on the ethical value choices which throughout history have shaped the monetary and financial legal system In the closing chapters the book also advances a detailed proposal for a New Global Monetary Order one based on altruism as an alternative to the neoliberal values dominant today

A Plea for the Animals Matthieu Ricard, 2016-10-04 A powerful and wide ranging indictment of the treatment of animals by humans and an eloquent plea for animal rights Every cow just wants to be happy Every chicken just wants to be free Every bear dog or mouse experiences sorrow and feels pain as intensely as any of us humans do In a compelling appeal to reason and human kindness Matthieu Ricard here takes the arguments from his best

sellers Altruism and Happiness to their logical conclusion that compassion toward all beings including our fellow animals is a moral obligation and the direction toward which any enlightened society must aspire He chronicles the appalling sufferings of the animals we eat wear and use for adornment or entertainment and submits every traditional justification for their exploitation to scientific evidence and moral scrutiny What arises is an unambiguous and powerful ethical imperative for treating all of the animals with whom we share this planet with respect and compassion *Development, Humanitarian Aid, and Social Welfare* Cornelia C. Walther, 2020-04-27 This book examines how human behavior is shaped by our aspirations emotions thoughts and sensations and conversely how the experiences that result from our behavior impact ourselves others and the planet Based on an analysis of the constant interplay between these four layers it offers practical solutions to systematically induce sustainable social change dynamics It shows why change in addition to economic and political transformation at the macro level begins with mind shifts at the micro level Hereby it establishes the missing link between investments in personal empowerment and collective welfare A novel theoretical paradigm is the foundation of this book which is anchored in the perspective of an ongoing body mind heart soul connection Based on the premise that an equitable society is to the benefit of everyone it is argued that efforts made for others have benefits at three levels for the individual who acts the one who has been acted for and for society *Numerical Simulation, An Art of Prediction 1* Jean-François Sigrist, 2020-04-14 Numerical simulation is a technique of major importance in various technical and scientific fields Used to understand diverse physical phenomena or to design everyday objects it plays a major role in innovation in the industrial sector Whilst engineering curricula now include training courses dedicated to it numerical simulation is still not well known in some economic sectors and even less so among the general public Simulation involves the mathematical modeling of the real world coupled with the computing power offered by modern technology Designed to perform virtual experiments digital simulation can be considered as an art of prediction Embellished with a rich iconography and based on the testimony of researchers and engineers this book shines a light on this little known art It is the first of two volumes and focuses on the principles methods and industrial practice of numerical modeling **La puissance du spirituel dans la vie, ABCdaire, tome 1** Guy Laplagne, 2025-09-13 Le temps tait venu de se demander quelle tait l influence de la spiritualit Ce sera fait d abord avec un ABCdaire de la spiritualit au sens large L approche est forc ment subjective c est celle d une vie avec ses bonheurs et ses malheurs celle de l autorit et des qualit s humaines celle des vices et des vertus des motions et des instincts celle des v nements et des tats d esprit tout ce qui fa onne une vie spirituelle et une vie tout court C est le tome 1 de l ABCdaire La puissance du spirituel dans la vie qui en comptera 3 **Numerical Simulation, An Art of Prediction, Volume 2** Jean-François Sigrist, 2020-01-08 Numerical simulation is a technique of major importance in various technical and scientific fields Whilst engineering curricula now include training courses dedicated to it numerical simulation is still not well known in some economic sectors and even less so among the general public Simulation involves the mathematical modeling

of the real world coupled with the computing power offered by modern technology Designed to perform virtual experiments digital simulation can be considered as an art of prediction Embellished with a rich iconography and based on the testimony of researchers and engineers this book shines a light on this little known art It is the second of two volumes and gives examples of the uses of numerical simulation in various scientific and technical fields agriculture industry Earth and universe sciences meteorology and climate studies energy biomechanics and human and social sciences Considering Compassion Frits de Lange, L. Juliana Claassens, 2018-09-17 In light of the numerous challenges posed by globalization living together as humanity on one planet needs to be reinvented in the twenty first century To create a new peaceful just and sustainable world order is vital to the survival of us all In this regard humankind will have to expand the limited scope of its moral imagination beyond the borders of family tribe class religion nation and culture Will the cultivation of compassion as scholars like Martha Nussbaum and Karen Armstrong and religious leaders like the Dalai Lama maintain contribute to a more just world A global movement to cultivate and extend compassion beyond the immediate circle of concern may indeed find inspiration from many different religious traditions The question at the heart of this book is whether the Christian legacy provides us with sources of moral imagination needed to guide us into the global era Can the Christian practice of faith contribute to a more compassionate world If so how And is it true that compassion is what we need or do we need something else justice for example In Considering Compassion colleagues from different theological disciplines at Stellenbosch South Africa and Groningen Netherlands take up these challenging questions from a variety of interdisciplinary angles **Secular Meditation-Based Ethics of Responsibility (MBER) Program** Helene Hagège, 2023-01-05 An ethical solution to the current health ecological and financial problems we face is to mobilize our responsibility by overcoming our duality with the environment It calls for changes in attitudes and behaviors that are not self evident and can be facilitated by specific learning Mindfulness based interventions MBI are increasingly used in professional settings particularly in therapy because their effectiveness in terms of change is increasingly supported by scientific evidence This book presents a detailed program aimed at developing an ethics of responsibility known as Mindfulness or MeditationBased Ethics of Responsibility MBER It combines theoretical explanations exercises and secular meditations to propose rather than impose ethical guidelines accompanying participants in identifying their own ethical values acting in accordance with them while weakening their dual functionings **Happiness** Frederic Lenoir, 2015-04-07 A huge bestseller in Europe Frederic Lenoir's Happiness is an exciting journey that examines how history's greatest philosophers and religious figures have answered life's most fundamental question What is happiness and how do I achieve it From the ancient Greeks on from Aristotle Plato and Chuang Tzu to the Buddha Jesus and Muhammad from Voltaire Spinoza and Schopenhauer to Kant Freud and even modern neuroscientists Lenoir considers the idea that true and lasting happiness is indeed possible In clear language Lenoir concisely surveys what the greatest thinkers of all time have had to say on the subject and with charming prose raises

provocative questions Do we have a duty to be happy Is there a connection between individual and collective happiness Is happiness contagious Is there a difference between pleasure and happiness Can unhappiness and happiness coexist Does our happiness depend on our luck Understanding how civilization's best minds have answered those questions Lenoir suggests not only makes for a fascinating reading experience but also provides a way for us to see us how happiness that most elusive of feelings is attainable in our own lives
