topics Through all this diversity Plato's original philosophical personality shines through Evans approaches the material thematically in terms of modern philosophical categories in seven main chapters Within each of these individual treatments Evans follows the lines of argument in the main works of Plato that explore them Indications about how to pursue given topics in the secondary literature are given in the helpful guide to further reading *Working Papers*, 1984 *Ancient philosophy and the first to the thirteenth centuries* Frederick Denison Maurice, 1890
