Accountability in education: meeting our commitments

UNESCO,2017-10-30 The second edition of the Global Education Monitoring Report GEM Report presents the latest evidence on global progress towards the education targets of the UN Sustainable Development Goals With hundreds of millions of people still not going to school and many not achieving minimum skills at school it is clear education systems are off track to achieve global goals The marginalized currently bear the most consequences but also stand to benefit the most if policy makers pay sufficient attention to their needs Faced with these challenges along with tight budgets and increased emphasis on results oriented value for money countries are searching for solutions Increased accountability often tops the list The 2017 8 GEM Report shows the entire array of approaches to accountability in education It ranges from countries unused to the concept where violations of the right to education go unchallenged to countries where accountability has become an end in itself instead of a means to inclusive equitable and high quality education and lifelong learning for all The report emphasizes that education is a shared responsibility While governments have primary responsibility all actors schools teachers parents students international organizations private sector providers civil society and the media 0 3 have a role in improving education systems The report emphasized the importance of transparency and availability of information but urges caution in how data are used It makes the case for avoiding accountability systems with a disproportionate focus on narrowly defined results and punitive sanctions In an era of multiple accountability tools the report provides clear evidence on those that are working and those that are not Back cover

Hadhramaut and its Diaspora Noel

Brehony,2017-06-30 The Hadhramis of Yemen have migrated for centuries in large numbers establishing a diaspora that extends around the Indian Ocean Saudi Arabia and the other Gulf States This migration has deeply affected the host countries as well as Hadhramaut itself Yet the region has not been able to use its population size capabilities or resources to wield significant political influence in successive Yemeni regimes This book examines the people of the Hadhrami diaspora

who travelled as religious scholars traders labourers and soldiers to understand their enduring influence and identity In doing so the book explores key aspects of their history including the impact of Yemeni nationalist movements the significance of land reforms the importance of social and tribal origins and how the Hadhrami resisted European domination as a Muslim community Although a distinctive part of geographical Yemen Hadhramaut was not regarded as a Yemeni political entity until the twentieth century This research asks if the recent turmoil in Yemen following the Arab Spring the growth of Al Qaida and ISIS and war involving a coalition led by Saudi Arabia will produce even greater instability in the region or perhaps lead to a united Yemen a restored South Yemen or even to Hadhramaut as an independent state America Alone Mark Steyn, 2008-04-07 Mark Steyn is a human sandblaster This book provides a powerful abrasive high velocity assault on encrusted layers of sugarcoating and whitewash over the threat of Islamic imperialism Do we in the West have the will to prevail MICHELLE MALKIN New York Times bestselling author of *Unhinged* Mark Steyn is the funniest writer now living But don't be distracted by the brilliance of his jokes They are the neon lights advertising a profound and sad insight America is almost alone in resisting both the suicide of the West and the suicide bombing of radical Islamism JOHN O SULLIVAN editor at large National Review IT'S THE END OF THE WORLD AS WE KNOW IT Someday soon you might wake up to the call to prayer from a muezzin Europeans already are And liberals will still tell you that diversity is our strength while Talibanic enforcers cruise Greenwich Village burning books and barber shops the Supreme Court decides sharia law doesn't violate the separation of church and state and the Hollywood Left decides to give up on gay rights in favor of the much safer charms of polygamy If you think this can't happen you haven't been paying attention as the hilarious provocative and brilliant Mark Steyn the most popular conservative columnist in the English speaking world shows to devastating effect The future as Steyn shows belongs to the fecund and the confident And the Islamists are both while the West is looking ever more like the ruins of a civilization But America can survive prosper and defend its freedom only if it continues to believe in itself in the sturdier virtues of self reliance not government in the centrality of family and in the conviction that our country really is the world's last best hope Mark Steyn's *America Alone* is laugh out loud funny but it will also change the way you look at the world
