

Journal of Oleo Science: Instructions for Authors

(Revised in January, 2009)

The *Journal of Oleo Science* (*J. Oleo Sci.*), Vol. 49 issued in 2000, a continuation of *Journal of Japan Oil Chemists' Society*, has been publishing scientific contributions in any fields of basic and applied research in the area of fats and oils and related food products, detergents, natural products, petroleum products, lipids and related proteins and sugars. No manuscript published previously or intended for another submission is acceptable.

1 Policy Publication

The *J. Oleo Sci.* publishes original articles in the form of Regular Papers, Notes, Rapid Papers, and Review articles. All manuscripts must be written only in English. Suitable manuscripts for publication are selected according to an editorial assessment and reports from referees. In the case of scientific studies on human tissues, authors should follow procedures that are in accordance with the ethical standards as formulated in the Helsinki Declaration of 1964 (revised in 2000). In studies involving animal subjects, authors should follow an Institutional Review Board's guide for the care and use of laboratory animals. Papers will be rejected if the ethical standards of care and use of human tissues and laboratory animals have not been adhered to.

2 Copyright

Copyright to articles published in print and online journals of the *J. Oleo Sci.* is held by Japan Oil Chemists' Society and the materials in the Journal may not be reproduced in whole or in part without written permission of the Editorial Board of Japan Oil Chemists' Society.

3 Style and Form of Manuscripts

Manuscripts should conform to the style and usage of the *Journal of Oleo Science* as exemplified in current issues. Authors are required to submit electronic manuscripts of PDF or MS-Word files. Manuscripts must be typed, double-spaced, on good-quality paper (A4 size or 8.5 X 11 inch). Separate sheets should be used for the following: Title page, Abstract page(s), and text: 1 INTRODUCTION, 2 EXPERIMENTAL, 3 RESULTS, 4 DISCUSSION, 5 CONCLUSION, References, Legend(s) to figure(s), Table(s), Figure(s), and other subsidiary matters such as suggested reviewers. Author's Handbook of Styles for Life Science Journals Michel Atlas,1995-11-08 Let the Author's Handbook of Styles for Life Science Journals save you time and trouble by providing a one stop resource for all your manuscript writing requirements No more plowing through your journal collection or wandering the library stacks to get those elusive journal pages containing instructions to authors This unique book contains all the information you need to know whether the journal will consider your manuscript the journal's submission address how to construct the abstract illustrations tables and references and specific information on copyright multiple authorship statistical analyses and page charges The Author's Handbook of Styles for Life Science Journals gives all this information for 440 of the most important English language life science journals Titles were selected from the Journal Rankings by Times Cited list in the Science Citation Index Journal Citation Report Because this report is heavily weighted toward the medical sciences other life science journals are incorporated into the book based on general level of prestige and reputation In addition some new titles that promise to be important to their fields like Nature Medicine and Emerging Infectious Diseases are also included Organized by journal title the handbook's entries are uniformly arranged to allow direct comparison between journals Information is presented in an easy to use easy to read format with clear and explicitly stated instructions The Author's Handbook of Styles for Life Science Journals gives authors in the life sciences all the information necessary for the correct and complete compilation of a manuscript for submission to their journal of choice

International Journal of Social Science Research and Practice Department of Sociology and Criminal Justice,2017-04-07 International Journal for Social Science Research and Practice IJSSRP is an interdisciplinary peer reviewed journal The objective of the journal is to serve as a forum for the exhibition and dissemination of scholarly activities in forms of current researches and thoughts on contemporary issues The scope of IJSSRP is wide and all inclusive as it ranges from issues in the United States to global events and happenings It welcomes all types of researches ranging from field and experimental to rigorous theoretical explanations It welcomes empirically based studies and discussions based on abstractions and theoretical understanding IJSSRP will serve as the forum for the promotion of positive exchange between nomothetic and idiographic traditions in the social sciences The journal is independent of any particular school of thought and does not lean towards any theoretical perspective or viewpoint Authors are not limited by their nationality religion subject matter or theoretical orientation The journal is however interested in studies that will promote global unity and understanding towards achieving a peaceful global village global social harmony and economic growth It therefore promotes studies that can yield practical solutions to contemporary global social problems Department of Sociology Criminal Justice Virginia State University Petersburg VA 23806 TEL 804 524 5191 The Dublin Journal of Medical Science ,1903 **Chemical news and Journal of physical science** ,1866 *Writing for Science and Engineering* Heather Silyn-Roberts,2013 Resumen Are you a post graduate student in Engineering Science or Technology who needs to know how to Prepare abstracts theses and journal papers Present your work orally Present a progress report to your funding

body Would you like some guidance aimed specifically at your subject area This is the book for you a practical guide to all aspects of post graduate documentation for Engineering Science and Technology students which will prove indispensable to readers Writing for Science and Engineering will prove invaluable in all areas of research and writing due its clear concise style The practical advice contained within the pages alongside numerous examples to aid learning will make the preparation of documentation much easier for all students Driving Science Information Discovery in the Digital Age Svetla

Baykoucheva,2021-09-30 New digital technologies have transformed how scientific information is created disseminated and discovered The emergence of new forms of scientific publishing based on open science and open access have caused a major shift in scientific communication and a restructuring of the flow of information Specialized indexing services and search engines are trying to get into information seekers minds to understand what users are actually looking for when typing all these keywords or drawing chemical structures Using artificial intelligence AI machine learning and semantic indexing these discovery agents are trying to anticipate users information needs In this highly competitive environment authors should not sit and rely only on publishers search engines and indexing services to make their works visible They need to communicate about their research and reach out to a larger audience Driving Science Information Discovery in the Digital Age looks through the eyes of the main players in this game and examines the discovery of scientific information from three different but intertwined perspectives Discovering managing and using information Information seeker perspective Publishing disseminating and making information discoverable Publisher perspective Creating spreading and promoting information Author perspective Presents an overview of the current scientific publishing landscape Shows how users can search for scientific information more efficiently Critically analyses the metrics used to measure the quality of journals and the impact of research Looks at the discovery of scientific information from the perspectives of information seekers publishers and authors Delves into the practices used by specialized indexing services and search engines to process scientific information and make it discoverable Recommends strategies that authors could use to promote their research **JOURNAL OF**

SCIENCE AND ENGINEERING , *Disseminating Behavioral Research* Annette K. Griffith,Tyler C. Ré,2023-12-09 Dissemination is a key component of the research process While several fields have developed resources dedicated to training and supporting their scientists and practitioners as they are encouraged to disseminate within their fields and to the larger public audience there has been a lack of formal guidance for dissemination within the behavioral sciences *Disseminating Behavioral Science* aims to fill that gap providing guidance across modalities for topics ranging from the peer review process to conference presentation to nontraditional avenues for dissemination The contents of this edited text divided across six sections serves as a roadmap for students junior researchers and senior scholars The first section includes types of academic scholarship types of dissemination and strategies to ensure ethical dissemination The second reviews traditional publication preparation including tips for the writing process and key components to include in each section of a

scientificmanuscript Section Three explores publication within a traditional peer reviewed journal Section Four outlines additional strategies to get research publicly recognized through conference presentations social media and popular media sources and white and grey literature Sections Five and Six offer a consolidated glossary of all key terms in the text and combined reference list **Writing Successfully in Science** Maeve O'Connor,2002-11 Writing Successfully in Science pays particular attention to the needs of scientists whose first language is not English explaining how to avoid the main pitfalls of English grammar and how to present work in a clear and logical fashion It combines practical tips for the first time writer with useful instructions for experienced contributors wishing to improve their technique **The Journal of Science** ,1883 **American Journal of Dental Science** ,1857 **The American Journal of Science** ,1837 The Journal of Criminal Law, Criminology and Police Science ,1912

Thank you totally much for downloading **Science Journal Authors Instructions**. Maybe you have knowledge that, people have look numerous times for their favorite books in the manner of this Science Journal Authors Instructions, but end taking place in harmful downloads.

Rather than enjoying a fine book like a mug of coffee in the afternoon, then again they juggled when some harmful virus inside their computer. **Science Journal Authors Instructions** is understandable in our digital library an online right of entry to it is set as public thus you can download it instantly. Our digital library saves in combination countries, allowing you to get the most less latency epoch to download any of our books behind this one. Merely said, the Science Journal Authors Instructions is universally compatible later any devices to read.
