The Island Called Paradise

Philip D. Beidler, 2014-02-28

A personal and cultural mediation Philip D Beidler's *The Island Called Paradise* explores the fascinating ways Cuban history and culture have permeated North American consciousness and vice versa In *The Island Called Paradise* Philip D Beidler shares his personal discovery of the vast rich and astonishing history of the island of Cuba and the interrelatedness of Cuba and the US Cuba first entered Beidler's consciousness in the early 1960s when he watched with mesmerized anxiety the televised reports of the Cuban missile crisis a conflict that reduced a multifaceted centuries old history between North America and Cuba to the stark duotones of Cold War politics Fifty years later when Beidler traveled to the US's island neighbor he found a Cuba unlike the nation portrayed in truculent political rhetoric or in the easy preconceptions of US popular culture Instead he found an entrancing people and landscape with deep historical connections to the US and a dazzling culture that overwhelmed his creative spirit In twelve original essays Beidler reintroduces to English speaking readers many of the central figures both real and literary of Cuban and Cuban American history Meet Cecilia Vald's the young mixed race heroine of a 1839 novel that takes readers to the poor streets and sumptuous salons of Spanish colonial Cuba and Narciso López a real life Venezuelan adventurer and filibustero who attempted to foment a Cuban uprising against Spain Both would have been familiar figures to nineteenth century Americans Beidler also visits the twentieth century lives of the two Ernestos Ernest Hemingway and Che Guevara and the pop culture Cuban icon Ricky Ricardo A country not with one history but multiple layers of history Cuba becomes a fertile island for Beidler's exploration Art he argues perpetually crosses walls erected by politics history and nationality At its core *The Island Called Paradise* renews and refreshes our knowledge of an older Atlantic world even as we begin to envision a future in which the old bonds between our nations may be restored
