Schloss Das Franz Kafka:

Franz Kafka Harold Bloom, 2010 A collection of critical essays on Kafka and his work arranged in chronological order of publication

Franz Kafka's The Castle Harold Bloom, 1988 Kafka's Castle and the Critical Imagination Stephen D. Dowden, 1995 Kafka's final unfinished novel The Castle remains one of the most celebrated yet most stubbornly uninterpretable masterpieces of modernist fiction Consequently it has been a lightning rod for theories and methods of literary criticism In this chronological study of its fate at the hands of academic and non academic critics S D Dowden lays emphasis on the acts of critical imagination that have shaped our image and understanding of Kafka and his novel He explores the historical and cultural contingencies of criticism from the Weimar Era of Max Brod and Walter Benjamin to Lionel Trilling's Cold War to the postmodern moment of multiculturalism and its turn to cultural studies Dowden shows how and why The Castle became a contested site in the imaginative life of each succeeding generation of criticism In addition he accounts for those moments at which Kafka's novel escapes or at least attempts to escape the gravitational pull of historically anchored understanding Forthright in its prose Dowden's is a book essential for anyone casual reader or professional critic who hopes to grasp the peculiar difficulties and challenges of Kafka's prose in general and of The Castle in particular

A Companion to the Works of Franz Kafka James Rolleston, 2006 Essays by leading scholars on the most perplexing of modern writers Franz Kafka

Kafka's Other Prague Anne Jamison, 2018-06-15 Kafka's Other Prague Writings from the Czechoslovak Republic examines Kafka's late writings from the perspective of the author's changing relationship with Czech language culture and literature the least understood facet of his meticulously researched life and work Franz Kafka was born in Prague a bilingual city in the Habsburg Empire He died a citizen of Czechoslovakia Yet Kafka was not Czech in any way he himself would have understood He could speak Czech but like many Prague Jews he was raised and educated and wrote in German Kafka critics to date have had little to say about the majority language of his native city or its minor literature as he referred to it in a 1913 journal entry Kafka's Other Prague explains why Kafka's later experience of Czech language and culture matters Bringing to light newly available archival material Anne Jamison's innovative study demonstrates how Czechoslovakia's founding and Kafka's own dramatic political professional and personal upheavals altered his relationship to this other Prague It destabilized Kafka's understanding of nationality language gender and sex and how all these issues related to his own writing Kafka's Other Prague juxtaposes Kafka's German language work with Czechoslovak Prague's

language politics intellectual currents and print culture including the influence of his lover and translator the journalist Milena Jesenská and shows how this changed cultural and linguistic landscape transformed one of the great literary minds of the last century *Kafka's Narrative Theater* James Rolleston, 1990-10-01 Can one speak of Kafka's heroes as characters? If so, why is it so hard to define their characteristics? If not, how is the reader persuaded to accompany them on their existential journeys, accepting their behavior as falling within the realm of human logic? This study argues that Kafka's fiction has two conflicting premises: the subjective impossibility of human existence, foreclosing all hope of meaning in individual actions, and the ordered structure of human thoughts which assign meaning to the smallest event and analyze endlessly the behavior of other people. Kafka's characters are always either potentially or actually moving in both directions, at once earnestly building up a continuous logic to their actions while skeptically dismantling their own pretensions to existence. The device of the circumscribed narrator, congruent with the hero knowing only what the hero knows yet not identical with him, enables Kafka to contain both fundamental tendencies in a single sentence. Although Kafka is widely read, his works seem to give rise very easily to misconceptions; this study is designed primarily to facilitate an intelligent reading of Kafka. Without imposing answers of its own, it seeks to foster an awareness of the problems of perspective and presentation which Kafka engages.

Passive Voices (On the Subject of Phenomenology and Other Figures of Speech) Kristina Mendicino, 2023-02-01 At least since Aristotle's *Peri hermeneias*, there has been talk of the pathos of language as symbols of the affections in the soul. The way these affections are registered, however, suggests that they are themselves structured like language. For Aristotle and others, language is suffered before any sense can be voiced. The pathos of language thus becomes a question of how language affects the subject of speech, and in the last analysis, of how language could respond to these questions of language. *Passive Voices: On the Subject of Phenomenology and Other Figures of Speech* approaches these questions first through readings of Augustine's investigations into language and mind and Edmund Husserl's descriptions of passive synthesis. It then traces the further resonance of Augustine's and Husserl's interventions in selected literary experiments by Georges Bataille, Franz Kafka, and Maurice Blanchot that recall Husserl and Augustine while exceeding the restrictive fictions of phenomenological science. In drawing out the echoes that emerge across confessional, philosophical, and fictional writings, this book exposes the ways in which speech occurs in the passive voice and affects any claim to experience.

Understanding Franz Kafka Allen Thiher, 2022-04-13 An analysis of the life of the eccentric author of *The Trial* and his quest for meaning in his work, Franz Kafka is without question one of the most influential writers of the twentieth century, despite the fact that much of his work remained unpublished when he died at a relatively young age in 1924. Kafka's eccentric methods of composition and his diffident attitude toward publishing left most of his writing to be edited and published after his death by his literary executor, Max Brod. In *Understanding Franz Kafka*, Allen Thiher addresses the development of Kafka's work by analyzing it in terms of its chronological unfolding, emphasizing the various phases in Kafka's

life that can be discerned in his constant quest to find a meaning for his writing Thiher also shows that Kafka's work frequently self-referential explores the ways literature can have meaning in a world in which writing is a dubious activity After outlining Kafka's life using new biographical information Thiher examines Kafka's first attempts at writing often involving nearly farcical experiments The study then shows how Kafka's work developed through twists and turns beginning with the breakthrough stories *The Judgment* and *The Metamorphosis* continuing with his first attempt at a novel with *Amerika* and followed by Kafka's shifting back and forth between short fiction and two other unpublished novels *The Trial* and *The Castle* Thiher also calls on Kafka's notebooks and diaries to help demonstrate that he never stopped experimenting in his attempt to find a literary form that might satisfy his desire to create some kind of transcendental text in an era in which the transcendent is at best an object of nostalgia or of comic derision In short Thiher contends Kafka constantly sought the grounds for writing in a world in which all appears groundless
