Bilingual Parent Participation in a Divided School

Community Julia Menard-Warwick, 2018-12-12 This volume theorizes parent participation in a bilingual school community in California unpacking broader issues around language ideologies language and power and parent collaboration in diverse educational contexts Highlighting data from a two year ethnographic study of the school community the book grounds this discussion in theories of discourse and bilingualism with a focus on translanguaging and translingual practice The volume points to a range of challenges and questions posed by the parents efforts to unite as a single school community including linguistic inequality cultural divides and differing implicit beliefs on language The book documents these efforts as a means to demonstrate the ways in which monolingual practices are reinforced in these settings despite best efforts but also as a

point of departure to discuss implications and a way forward for parent collaboration in bilingual school communities more generally Offering a nuanced portrait of the impact of parent collaboration in bilingual school communities this volume will be of particular interest to graduate students and scholars in language education applied linguistics bilingualism and sociolinguistics **Harlequin Special Edition May 2014 - Bundle 2 of 2** Nancy Robards Thompson, Gina Wilkins, Caro Carson, 2014-05-01 Harlequin Special Edition brings you three new titles for one great price available now These are heartwarming romantic stories about life love and family This Harlequin Special Edition bundle includes *Falling for Fortune* by Nancy Robards Thompson *Healed with a Kiss* by Gina Wilkins and *The Bachelor Doctor's Bride* by Caro Carson Look for 6 compelling new stories every month from Harlequin Special Edition United States Statutes at Large United States, 2014

Transforming Food Environments Charlotte E.L. Evans, 2022-03-21 We regularly find ourselves in food environments that promote the consumption of high fat and sugary foods rather than encouraging us to eat more fruit and vegetables However because of increased media attention people are becoming more interested in alternative approaches to improving the many food related decisions we make daily *Transforming Food Environments* features evidence from several disciplines exploring initiatives that have improved food environments and discusses the importance of achieving success in equitable and sustainable ways The book presents information on diverse food environments followed by methods that help readers become aware of the design of interventions and food policies It covers food environments in schools workplaces and community centres as well as fast food establishments and food marketing The book presents methods to help encourage better food choices and purchase of healthier foods It explores persuasion tactics used by health professionals such as changing availability and or price using nudging techniques and food labelling Led by Editor Charlotte Evans Associate Professor of Nutritional Epidemiology and Public Health Nutrition at the University of Leeds and written by an international range of authors from countries including the US Canada Australia New Zealand Japan and the United Kingdom this multidisciplinary book appeals to students researchers public health professionals and policy makers It also raises awareness and provides a comprehensive treatment of the importance of our environments on food choice **Congressional Record** United States. Congress, 1985 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States* 1789 1824 the *Register of Debates in Congress* 1824 1837 and the *Congressional Globe* 1833 1873 **Substitute** Nicholson Baker, 2017-09-05 A New York Times Bestseller May be the most revealing depiction of the American contemporary classroom that we have to date Garret Keizer The New York Times Book Review Bestselling author Nicholson Baker in pursuit of the realities of American public education signed up as a substitute teacher in a Maine public school district In 2014 after a brief orientation course and a few fingerprinting sessions Nicholson Baker became an on call substitute teacher in a Maine public school district He

awoke to the dispatcher's five forty a.m. phone call and headed to one of several nearby schools when he got there he did his best to follow lesson plans and help his students get something done What emerges from Baker's experience is a complex often touching deconstruction of public schooling in America children swamped with overdue assignments overwhelmed by the marvels and distractions of social media and educational technology and staff who weary themselves trying to teach in step with an often outmoded or overly ambitious standard curriculum In Baker's hands the inner life of the classroom is examined anew mundane work sheets recess time outs surprise nosebleeds rebellions griefs jealousies minor triumphs kindergarten show and tell daily lessons on everything from geology to metal tech to the Holocaust as he and his pupils struggle to find ways to get through the day Baker is one of the most inventive and remarkable writers of our time and Faith, Diversity, and Education Allison Blosser, 2019-06-12 This volume explores how conservative Christian schools are shaping education in America and in turn students' attitudes about diversity Based on data collected as part of a year long ethnographic study of a K-12 conservative Christian school in the South this volume analyzes the way that diversity was thought about and acted upon in a school and how these decisions affected students and teachers across racial differences The book demonstrates that conservative Christian theology defined a school's diversity efforts It also reveals the complexity of addressing diversity in a context that is largely wary of it at least in its typical secular usage The findings presented in the book raise important questions about school vouchers the influence of religious beliefs on educators' decision making in schools the morality and existence of Christian schools and diversity initiatives in white spaces Faith Diversity and Education An Ethnography of a Conservative Christian School will be of great interest to researchers academics and postgraduate students in the fields of education sociology and religion Daily Graphic Ransford Tetteh, 2014-03-04 **Journal of the House of Representatives of the United States** United States. Congress. House, 2014 Some vols include supplemental journals of such proceedings of the sessions as during the time they were depending were ordered to be kept secret and respecting which the injunction of secrecy was afterwards taken off by the order of the House **My Vietnam War** Dave Morgan, 2014-08-05 My Vietnam War is Dave Morgan's story A typical 20 year old he was forced into extraordinary circumstances in Vietnam Far from his carefree youth the Vietnam War would expose Dave to an atmosphere of ever present danger and sheer terror that would impact him forever His return to a divided Australia would isolate him further During his service Dave wrote home to his mother from Vietnam tracking the days and the events In 1992 after his mother passed away he found all of his letters with his own recollections and diary entries and the short stories of seven other veterans to capture the unbelievable danger and horror that these young men experienced in Vietnam He also describes how Vietnam established life long feelings of intense loyalty trust and mateship between the men that served there Dave's story focuses on his time as a soldier and his return psychologically exhausted to a divided nation Keys to the Elementary Classroom

Hurd, 2014-09-05 The school aged population of the United States has become more racially and ethnically diverse in recent decades but its public schools have become significantly less integrated In California nearly half of the state s Latino youth attend intensely segregated minority schools Apart from shifts in law and educational policy at the federal level this gradual resegregation is propelled in part by grassroots efforts led predominantly by white middle class residential communities that campaign to reorganize districts and establish ethnically separate neighborhood schools Despite protests that such campaigns are not racially culturally or socioeconomically motivated the outcomes of these efforts are often the increased isolation of Latino students in high poverty schools with fewer resources less experienced teachers and fewer social networks that cross lines of racial class and ethnic difference *Confronting Suburban School Resegregation in California* investigates the struggles in a central California school district where a predominantly white residential community recently undertook a decade long campaign to secede from an increasingly Latino attended school district Drawing on years of ethnographic research Clayton A Hurd explores the core issues at stake in resegregation campaigns as well as the resistance against them mobilized by the working class Latino community From the emotionally charged narratives of local students parents teachers school administrators and community activists emerges a compelling portrait of competing visions for equitable and quality education shared control and social and racial justice *Teach Me to Be Generous* Anthony D. Andreassi, 2014-03-03

Teach Me to Be Generous tells the remarkable story of Regis High School the Jesuit school on New York s Upper East Side that was founded in 1914 by an anonymous donor as a school for Catholic boys whose families could not otherwise afford a Catholic education Enabled by the philanthropy of the founding family for nearly a century and now by alumni and friends carrying on that tradition of generosity Regis has been able to provide tuition free all scholarship education for its entire history It also holds the distinction of being the first free standing Jesuit high school in the United States with no connection to any Jesuit

colleges or universities Regis High School's unique story is told by an engaging storyteller and historian who has taught at the school for more than ten years Father Andreassi offers captivating glimpses into the lives and daily experiences of Regis's students and faculty while chronicling the development of the school's educational philosophy and spiritual approach in its first century Filled with entertaining anecdotes alongside wider historical context and illuminating statistical analysis *Teach Me to Be Generous* tracks Regis High School through the decades of the twentieth century to the present day from the generosity of a devout Catholic widow through the Depression and World War II to changes in demographics of the Catholic community and shifts in the landscape of Catholic education in New York City During the school's first few decades Regis admitted thousands of Catholic boys mostly from poor or lower middle class families helping prepare them for success in college and leadership positions in the professions Because of the closing of dozens of urban Catholic schools and the general decline of the quality of New York City's public schools in more recent years the school has faced the challenge of remaining true to its mission in offering an education to Catholic boys who otherwise would not be able to afford a Catholic education *Teach Me to Be Generous* paints a vivid portrait of the first one hundred years of an exceptional institution and looks with hope and confidence to its future
