Encounters of Body and Soul in Contemporary Religious Practices Anna Fedele, Ruy Llera Blanes, 2011-09-01 Social scientists and philosophers confronted with religious phenomena have always been challenged to find a proper way to describe the spiritual experiences of the social group they were studying The influence of the Cartesian dualism of body and mind or soul led to a distinction between non material spiritual experiences i.e related to the soul and physical mechanical experiences i.e related to the body However recent developments in medical science on the one hand and challenges to universalist conceptions of belief and spirituality on the other have resulted in body and soul losing the reassuring solid contours they had in the past Yet in Western culture the body soul duality is alive not least in academic and media discourses This volume pursues the ongoing debates and discusses the importance of the body and how it is perceived in contemporary religious faith what happens when body and soul are unseparated entities Is it possible even for anthropologists and ethnographers to escape from natural dualism The contributors here present research in novel empirical contexts the benefits and limits of the old dichotomy are discussed and new theoretical strategies proposed

Nigerian Pentecostalism and Development Richard Burgess, 2020-04-06 This book examines the contributions both intentional and unintentional of Nigerian Pentecostal churches and NGOs to development studying their development practices broadly in relation to the intersecting spheres of politics economics health education human rights and peacebuilding In sub-Saharan Africa Pentecostalism is fast becoming the dominant expression of Christianity but while the growth and civic engagement of these churches has been well documented their role in development has received less attention The Nigerian Pentecostal landscape is one of the most vibrant in Africa Churches are increasingly assuming more prominent roles as they seek to address the social and moral ills of contemporary society often in fierce competition with Islam for dominance in Nigerian public space Some scholars suggest that the combination of an enchanted worldview an emphasis on miracles and prosperity teaching and a preoccupation with evangelism discourages effective political engagement and militates against development However *Nigerian Pentecostalism and Development* argues that there is an emerging movement within contemporary Nigerian Pentecostalism which is becoming increasingly active in development practices This book goes on to explore the increasingly transnational approach that churches take often seeking to build multicultural congregations around the globe for instance in Britain and the United States *Nigerian Pentecostalism and Development* Spirit Power and Transformation will be of considerable interest to scholars and students concerned with the intersection between religion and development and to development practitioners and policy makers working in the region

Aladetan, 2016-02-12 Many have surrendered to the lies that the devil tells them while going through challenges They have given up their destiny and lost focus on eternity as they face the storms of life Many have cursed themselves abandoned their vision and renounced God during their trials of faith becoming atheists sorcerers and occultists and completely turning away from God Is anything too difficult for God to do No Over the Storm of Life was written to inform to inspire to bless and to transform lives and strengthen faith Faith is called the spiritual horsepower that God has wonderfully and marvelously planted in all human DNA We can exercise dominion power like Him and like Jesus Christ over every storm in our lives This book is a revelation of the secret armor of God against every storm that tries to contend with the will of God in human lives showing Gods faithfulness and trustworthiness from eternity past to eternity without end God will never fail in whatever He wills and promises to do even when physical circumstances and situations suggest otherwise Success begins where failure ends Failure and tribulation are the ladders to move you to the next level when you activate the spiritual horsepower of faith Trust Gods Word and His covenant promises Dont settle for the rat race Strive for Gods inheritance

Living in Abundance Fidelis O. Nwachukwu, 2012-04-21 This is a religious motivational book The whole idea about Living in Abundance stems from John 10 10b where Jesus Christ said that he has come so that we might have life and that we might have life more abundantly Therefore Living in Abundance vol 1 has the central message of preaching prosperity wealth and abundance for the believers in Christ as our portion in redemption even in spite of apparent global economic meltdown and hardship It seeks to let believers realize that in all that we do we are created to be the head and not the tail the first and not the last we are to be above and not beneath Our portion is to be the best in all We are created to be like a city set on hill that cannot be hid We are to live in Abundance in every aspect of our lives because Jesus Christ was rich but he was made poor so that we can become rich Deut 28 1 13 Matt 5 14 2 Cor 8 9

Renewing the Church by the Spirit Amos Yong, 2020-11-03 In most parts of the world and especially where Christianity is flourishing Pentecostal and charismatic movements predominate What would it look like for the Western world beset by the narrative of decline to participate in this global Spirit driven movement According to Amos Yong it all needs to start with the way we approach theological education Renewing the Church by the Spirit makes the case for elevating pneumatology in Christian life allowing the Spirit to reinvigorate church and mission Yong shows how this approach would attend to both the rapidly deinstitutionalizing forms of twenty first century Christianity and the pressing need for authentic spiritual experiences that marks contemporary religious life He begins with a broad assessment of our postmodern post Enlightenment post Christendom ecclesial context before moving into a detailed outline of how a Spirit filled approach to theological education its curriculum pedagogy and scholarship can meet the ecclesial and missional demands of this new age A New Paradigm of Pentecostal Power Asonzeh
