Report Cards Wade H. Morris, 2023-09-26 The definitive history of the report card Report cards represent more than just an account of academic standing and attendance The report card also serves as a tool of control and as a microcosm for the shifting power dynamics among teachers parents school administrators and students In Report Cards A Cultural History Wade H Morris tells the story of American education by examining the history of this unique element of student life In the nearly two hundred year evolution of the report card this relic of academic bookkeeping reflected broader trends in the United States the republican zealotry and religious fervor of the antebellum period the failed promises of postwar Reconstruction for the formerly enslaved the changing gender roles in newly urbanized cities the overreach of the Progressive child saving movement in the early twentieth century and by the 1930s the increasing faith in an academic meritocracy The use of report cards expanded with the growth of school bureaucracies becoming a tool through which administrators could surveil both student activity and teachers And by the late twentieth century even the most radical critics of numerical reporting of children have had to compromise their ideals Morris traces the evolution of how teachers students parents and administrators have historically responded to report cards From a western New York classroom teacher in the 1830s and a Georgia student in the 1870s who was born enslaved to a Colorado student incarcerated in the early 1900s and the son of Russian Jewish immigrants applying to college in the 1930s Report Cards describes how generations of people have struggled to maintain dignity within a system that reduces children to numbers on slips of paper School Report Cards ,1998* For six consecutive years the annual Report Card information has been provided by the Virginia Beach City Public Schools The site provides information on SOLs current data such as the percent of students passing core subjects PTA membership attendance the number of teachers with advanced degrees and other important information For the first time the site includes some information required by the No Child Left Behind NCLB Legislation of 2001 You will find specified each school s data regarding Adequate Yearly Progress AYP safe schools disaggregated test data and staff characteristics Each school s report card also compares some of this year s data with data from the past three years so you are able to track progress over time Includes links to volunteer opportunities school principals the No Child Left Behind legislation and NCLB report cards which can be accessed at <http://www.pen.k12.va.us> Virginia School Report ...
