Teaching With Author Web Sites, K8
Rose Reissman,Mark Gura,2010 Drawing on extensive classroom experience the authors demonstrate how shy students reluctant readers English language learners and students who may be less active during class discussion become energized when they explore rich Web sites available from popular respected children s authors This book illustrates how this easy no risk technology available at a keystroke offers wide ranging benefits including Inviting students into a literacy community of readers and writers Fostering the development of discrete test mandated skills Capitalizing on and deepening students familiarity with the digital world in ways that enhance their literacy growth

The Educator's Handbook for Teaching With Primary Sources Scott M. Waring,2023 Educators across subject areas are striving to integrate primary sources into their pedagogy and teaching Yet despite their importance to authentic disciplined inquiry the implementation of primary source activities in the pre K 12 classroom has been limited This lack of utilization can largely be attributed to the perception that these activities are too complex to design implement and grade Many teachers also feel that primary source analysis and the construction of evidence based narratives is too difficult for students to complete in the traditional classroom Waring argues that this is not the case and with this handbook provides teacher candidates and inservice teachers with detailed and specific perspectives activities approaches and resources to help them effectively and authentically use primary sources in their classrooms Book Features Introduces teaching with primary sources including detailed examples of authentic and tested instructional ideas and approaches Designed to meet the needs of classroom teachers and teacher candidates in social studies English and language arts mathematics science and other fields Offers dozens of primary sources and links to resources throughout the book Aligns to national standards frameworks and the C3 framework for social studies Can be used to meet the needs of emerging English learners and students with special needs Focuses on ways in which educators are utilizing a variety of emerging technologies to engage students in deeper and more authentic ways of learning Contributors include Peter DeCraene Lisa Fink Eric J Pyle Stefanie R Wager Sarah Westbrook and Trena L Wilkerson

Learning History in America Lloyd S. Kramer,Donald Reid,William L. Barney,1994-01-01 The essays in this book like all other texts have been written in a historical context that shapes both the themes and the prose styles of the authors A close reading of these texts would in fact lead to many overlapping contexts of politics social hierarchies modern communications and

international relations but we want to focus briefly on two contextual influences that carry the most obvious connections to this book the wide ranging public debate about the proper curriculum for American schools and universities and the more specific debate among historians about new trends in historical scholarship **Resources in Education** ,2001-04
