Nokia 9lunia User Guide:

Mobile Security: A Guide for Users David Rogers, 2013-08-22 Mobile device security is something that affects nearly every person in the world. Users are still, however, crying out for good information on what they should do to prevent theft, protect their smartphone from attack, and for advice that they can use practically to help themselves. This short book sets out to address that. Originally written as a whitepaper for the Police in the UK, it gives some of the history of mobile security and explains the efforts that have gone on behind the scenes in the mobile industry to help secure users. It also provides guidance for users to help protect themselves. The technology in mobile phones is constantly evolving, and new threats and attacks emerge on a daily basis. Educating users is one of the most important and valuable things that can be done to help prevent harm. The author brings his extensive experience of the mobile industry and security development for devices to this book in order to help make users safer and more secure.

The Entrepreneur's Guide to Running a Business CJ Rhoads, 2014-05-28 The final entry in this all you need to know series summarizes the best points in the previous 12 books, updates many of them, and integrates must-have knowledge into a unified indispensable whole. Entrepreneurs need authors who will speak to them as equals, sharing the secrets they found as they built their own businesses. Crafted in that spirit, Praeger's Entrepreneur's Guide series provides practical, accessible, and authoritative advice on the major considerations in establishing and growing a new venture. Each book includes wisdom, tales from the trenches, worksheets, templates, sample documents, and resource lists to help entrepreneurs leverage their time and money. The Entrepreneur's Guide to Running a Business distills and shares the important points from each of the series' previous books, making the road to success smoother and more certain. This culmination of the professional development series takes the reader through all the important steps of starting and running an enterprise. It includes such essentials as writing the business plan, hiring the team, raising capital, managing technology, doing market research, and, of course, marketing the product. Once the business is up and running, the book can be consulted for advice on managing growth and inspiring and retaining employees, as well as for knowledge about handling crises and flourishing even during a recession.
