

The Prodigal Son

There was once a man who had two sons.

One day he decided to give a job. The

the other brother had been working
home. When he heard that his
son had been being foolish for him,

One day the prodigal son asked him for his inheritance money.

The father thought about it and decided to give his sons their inheritance.

However, the father was not so
of the big.

Nodes, 2017-05-08 The Samarites by Petrus Papeus offers an effective blending of gospel narrative and ancient Roman comedy combining manner of Plautus and Terence with the didacticism of medieval allegory and morality plays and the poetic diction of Renaissance humanism In the Samarites they are the ingredients that present both moral and doctrinal teachings related to the gospel parables of the Prodigal Son and Good Samaritan Papeus work is an excellent example not only of the early modern school play but also of the shifting conceptions of drama in Europe at that time Daniel Nodes presents a critical edition and translation of the play together with a humanist commentary produced in Toledo by Alexius Vanegas three years after the play's first printing in Antwerp **Drama Tweens** Katherine Turpin, 2017-03-13 Because of their ever changing personalities their high energy and their emerging ability to think critically younger adolescents present a special faith formation challenge to the congregations who love them This book explores an educational strategy of creating biblical dramas with tweens for spiritual formation and increased familiarity with the Christian tradition The project of creating a drama for presentation to the congregation invites tweens to dig into the history of interpretation of the story to make connections across the biblical text and to engage with the characters in relevant ways to their own experiences Writing and producing a small play in worship allows them to share their learnings with the rest of their faith community The book helps prepare adult volunteers to better understand the transformations happening in the late elementary and middle school years and to lead tweens through this process with confidence Five sample plays all co written and performed by the tweens of Christ Church United Methodist in Denver Colorado are also included These slightly snarky but fearlessly faithful interpretations model the kind of depth engagement with biblical stories that the Drama Tweens process hopes to create *Jesus - A Master Teacher* Roy Pitcher, 2013-12-02 Jesus a Master Teacher by Roy Pitcher Synopsis for cover The success of Jesus as a teacher is both proverbial and fascinating especially for a teacher but can his many strategies and methods go beyond religious teaching and be translated widely into the 21st century That is the question Roy Pitcher asked His positive conclusions are described in three parts An analysis of Jesus situation decisions and methods An examination of seven inter related social psychological themes evident in his teaching A translation and application to our contemporary scene of eight strategies and a planning model that can be applied to wide ranging age groups and areas of teaching Its success has been evident in many contexts and deserves careful consideration **Danièle Huillet, Jean-Marie Straub** Benoît Turquety, 2025-10-01 Danièle Huillet and Jean Marie Straub collaborated on films together from the mid 1960s through the

mid 2000s making formally radical adaptations in several languages of major works of European literature by authors including Franz Kafka Bertolt Brecht Friedrich Hölderlin Pierre Corneille Arnold Schoenberg Cesare Pavese and Elio Vittorini The impact of their work comes in part from a search for radical objectivity a theme present in certain underground currents of modernist art and theory in the writings of Benjamin and Adorno as well as in the Objectivist movement a crucial group within American modernist poetry whose members included Louis Zukofsky George Oppen and Charles Reznikoff with connections to William Carlos Williams and Ezra Pound Through a detailed analysis of the films of Straub and Huillet the works they adapted and Objectivist poems and essays Benoît Turquety locates common practices and explores a singular aesthetic approach where a work of art is conceived as an object the artist an anonymous artisan and where the force of politics and formal research attempt to reconcile with one another

On the Edge of the Panel Julio Cañero, Esther Claudio, 2015-09-04 To create a comic is not to illustrate words but to create narrative diagrams and transform strokes into imaging words The infinite array of possibilities that the merging of text and pictures provides is a garden of forking paths that critics have just started to explore This is an art that operates as the crossroads of various disciplines but whose specifications require a thorough understanding of its unique mechanisms The explosion of experimental works and the incorporation of previously marginal or nonexistent genres and themes in comics have enriched an already fruitful art in ways that continue to surprise both readers and critics This collection of essays offers a space of reflection on the cultural social historical and ideological dimensions of comics With this in the background the book focuses on three main areas the origins and definitions of comics the formal tools of the medium and authors and their works The historical and formal approach to comics as shown here is still essential and the debate about the origins and definition is still present but two thirds of this collection formulate other treatments that scholars had not started to tackle until recently Does this mean that the study of comics has finally reached the necessary confidence to abandon the artistic legitimization of the medium Or are they just new self defense mechanisms through alliances with other fields of academic interest This book will add to the debate on comics as did the international conference that led to it It provides a channel of communication with an art a two headed medium that like the god Janus operates as a hinge as a meeting point as a bridge between pictorial and literary expression

Preaching from Inside the Story Jeffrey W. Frymire, 2022-06-02 *Preaching from Inside the Story* is a book that seeks to carve out an understanding of narrative preaching in an age where there is little agreement about its nature and practice Capitalizing on the works of Craddock and Lowry it seeks to find an expanded palette upon which the preacher may engage the larger canvas of narrative preaching This book will engage the mind by introducing neuroscientific understandings of creativity build upon the foundations of the philosophy of stories by engaging Aristotle s foundational understanding of narrative and renew the Lowry Loop by expanding this seminal work and how it should be understood in our current culture *Preaching from Inside the Story* breaks new ground by encouraging preachers to move inside stories and tell them from the inside out providing a positive effect thereby affording non narrative preachers to connect with storytelling principles Ultimately it is filled with examples of how to do narrative in a very practical way However in showing these practical examples the reader is involved in a deep analysis of those narrative sermons and how they fit into an overall narrative understanding of preaching In the final analysis it invites the reader to take a fresh journey into narrative preaching
