Media and the Common Good Chaacha Mwita, G. Franceschi, 2010 On 30th December 2008 the President of Kenya His Excellency Mwai Kibaki assented to the controversial Kenya Communications Amendment Act 2008 which commenced on 2nd January 2009 This Presidential move had a deep impact on the long discussions arguments and negotiations that were already in high gear by October 2006 when the Fourth Annual Ethics Conference on Media and the Common Good was held at Strathmore University Nairobi Kenya The essays in this book make a case for media freedom as well as media responsibility Let the media create a culture of truth Let the media not forsake the citizens let them seek and disseminate the truth let them not destroy the education virtues and faith for which so many have shed their blood in Kenya Africa and elsewhere May reason prevail guided by wisdom towards Truth Dialogue in Religion and Science, 2009 Applied Ethics and HIV/AIDS in Africa Cletus N. Chukwu, 2003 *Shareholder Value and the Common Good* David Lutz, Paul Mimbi, 2005 What is the objective or purpose of business Management According to the dominant theory of contemporary financial management scholarship agency theory business managers are obligated to maximise owner or shareholder value According to most theories of business ethics however some owner value maximising actions should not be performed because they would be unethical Because business management scholars and business ethics scholars have not resolved this contradiction students of commerce receive a contradictory education The twenty five essays in this interdisciplinary international volume address the question of the objective or purpose of business management from a wide range of theoretical perspectives Since some of the writers contradict one another it is not possible that all of them are correct Nevertheless the fact that many of them argue persuasively that business managers should aspire to more than maximisation of a financial variable challenges everyone with a theoretical or practical interest in commerce to reconsider acceptance of the owner value paradigm and to develop a richer conception of the profession of business management Introduction to Philosophy in an African Perspective Cletus N.
