

Nursing Professional Development Plan

Achieving my MSN has been my is something I have taught about for years. The purpose of this assignment is to develop a professional plan of what I want to achieve as I strive towards the MSN program, a reflection of my past, present and future personal and career life also recognizing that this course requires a lot of sacrifice and dedication. I was motivated by my colleagues and siblings who started this online program, and my dreams of helping people, though, immunizations, disease prevention, education and affordable health care access to all, the knowledge I acquired from this course, through Walden University, their professors, and my colleagues will enable me achieved my goals.

Education and Professional Background

My name is Munah Mulbah a mother of four children and two stepsons (ages 29yrs to 13yrs), a wife, a full-time employee, and the oldest of 7 children. These are the responsibilities and I take pleasure in doing them I am originally from Monrovia, Liberia, West Africa. I came to the United State, due to the civil war in my country to pursue a better education for my family and a better life. As a child growing up I loved to care for my siblings and dream about becoming a Nurse one day Growing up as the oldest girl in my family I took care of my younger siblings', neighbor kids, my grandparents and children in Sunday school, we were taught how to be respectful, eating a healthy diet, hand washing, personal hygiene where taught. and I was good at that., One day my Late grandfather look at me and said I hope you will be a nurse when you grow up and I said that is who I want to be, and I worked towards that.

After I graduated from high school. I enrolled at the mother pattern college of health sciences / Stella Maris Polytechnic 1999 and graduated with an AA degree in nursing, worked for a year in the hospital and went back to school and obtained my BSN. Prior to my coming to the United States, I obtained my BSN degree and worked for the Medicine sans frontiers international hospital / Doctors without borders for 2yrs. When I came to the united states, while going through the process to obtain my RN license, I worked as a nurse tech in the Nursing home, work with people with mental disabilities, in the hospital, and volunteer in a local school, which was rewarding, because it also helps me in preparing for my state board exam. I have certification in, CPR, First Aid, advanced cardiac life support (ACLS), and electrocardiogram (ECG) interpretation and Intravenous line certification. As a Registered nurse, I have worked in a long-term setting, geriatric population, and presently in the acute care and telemetry unit as a resource nurse. Arriving in the united states, my dream became a reality when I passed my state board exam and became to practice as a registered nurse and I have since enjoyed my career. Every day was rewarding I learned new things and saw how diverse nursing was.
