Forsyth,2012-04-03 Writing essays is a major part of many further education courses In coursework assignments dissertations and exams a well written essay can make the difference between a pass and a fail and these essays provide you with the stepping stones that take you towards the degree qualification and career that you desire Nothing will expose your uncertainty or lack of knowledge more than a poorly written essay what Essay Writing Skills does is let you know what is expected of you and how best to go about your research thus allowing you to get on top of your workload quickly Essay Writing Skills offers practical and proven ways to maximise your success in all aspects of essay writing From planning your first essay to assessing primary and secondary sources it will help you to write in a systematic way that presents a convincing and academically sound argument A comprehensive guide it provides guidance and advice on good research techniques grammar and accuracy creating an essay plan and correctly citing your sources It also includes a range of real life example essays and insider knowledge on how your essays are assessed Essay Writing Skills is an indispensable source of advice making the writing process clear and manageable to help you improve the quality of your written work

Equity, Equality, and Reform in Contemporary Public Education Grant, Marquis C.,2018-03-30 Equality and equity are often mischaracterized as interchangeable terms in public education This may explain why efforts towards reform and restructure are often not met with any real measure of success Equity Equality and Reform in Contemporary Public Education provides emerging research on the reformation of education curriculum to provide proportionate opportunities for marginalized students and support for student achievement in public education While highlighting topics such as achievement gaps gender biases and multicultural responsiveness this book explores the theories and applications of different measures of reform to promote fairness among individual students This book is an important resource for educators professionals school administrators researchers and practitioners in the field of education

Developing and Validating Test Items Thomas M. Haladyna,Michael C. Rodriguez,2013-07-18 Since test items are the building blocks of any test learning how to develop and validate test items has always been critical to the teaching learning process As they grow in importance and use testing programs increasingly supplement the use of selected response multiple choice items with constructed response formats This trend is expected to continue As a result a new item writing book is needed one that provides comprehensive coverage of both types of items and of the validity theory underlying them This book is an outgrowth of the author's previous book *Developing and Validating Multiple Choice Test Items* 3e Haladyna 2004 That book achieved distinction as the leading source of guidance on creating and validating selected response test items Like its predecessor the content of this new book is based on both an extensive review of the literature and on its author's long experience in the testing field It is very timely in this era of burgeoning testing programs especially when these items are delivered in a computer based environment Key features include Comprehensive and Flexible No other book so thoroughly covers the field of test item development and its various applications Focus on Validity Validity the most important consideration in testing is stressed throughout and is based on the

Standards for Educational and Psychological Testing currently under revision by AERA APA and NCME Illustrative Examples The book presents various selected and constructed response formats and uses many examples to illustrate correct and incorrect ways of writing items Strategies for training item writers and developing large numbers of items using algorithms and other item generating methods are also presented Based on Theory and Research A comprehensive review and synthesis of existing research runs throughout the book and complements the expertise of its authors **Essay-writing for Schools**
