

PARENT LETTER

Timed Fluency Readings

Dear Parents,

Now that the children have a grasp of reading, I would like to turn my attention to reading fluently. Fluency is comprised of two things:

- 1.) Reading with appropriate speed, expression & accuracy.
- 2.) Comprehension of the text.

Each week, I will be assigning your child a Fluency reading based on the themes that we are studying in class. Each child will get a passage that is on their reading level. During your Fluency time at home, start by having your child read as much as they can in a minute. Record that time in the table below the passage. After the 'speed reading', ask your child the Question of the Day. You may do this orally. They do not need to write anything. After you've discussed the question of the day, you may read the entire passage with your child just for enjoyment. The goal is to see the students improve their rate of speed and comprehension on the next standardized assessment. An appropriate rate of speed by the end of the year is 60 words per minute. If your child is already reading at that speed with full comprehension, then their goal is to improve from the rate that they currently hold. This activity should take about 5 minutes. If it is taking longer because your student is struggling with the words, please let me know, and I'll find them something different. To score their reading, please subtract the missed words from the total words read. Please turn in the fluency timing at the end of each week so that I can record their scores on our chart in class. It will be so much fun to see how they grow!
