Immigration and Xenophobia Rosana Barbosa, 2009 In Immigration and Xenophobia Rosana Barbosa discusses Portuguese migration to Rio de Janeiro from 1822 to 1850 as a significant aspect of the city s history During the first half of the nineteenth century many Portuguese fled the difficult economic and social conditions in Portugal for better economic opportunities in post independence Brazil which was experiencing a boom that was fuelled by such commodities as coffee Its retail commercial sector attracted many immigrants from France England

Spain Italy Germany and most especially from Portugal The arrival of Portuguese migrants was facilitated by the fact that they were mostly well received by the Brazilian government and elite who wanted to create a white nation while still continuing to import thousands of Africans every year Although they were well received by the government the Portuguese sometimes faced hostility and aggression from the population at large for reasons arising from nationalism and competition for jobs Despite the presence of this hostility most Portuguese immigrants in Rio de Janeiro adapted well to their new environment They married or developed relationships with local people bought properties in Brazil and most did not return to Portugal

Caught between the Lines Carlos Riobó, 2019-04-01 *Caught between the Lines* examines how the figure of the captive and the notion of borders have been used in Argentine literature and painting to reflect competing notions of national identity from the nineteenth to the twenty first centuries Challenging the conventional approach to the nineteenth century trope of civilization versus barbarity which was intended to criticize the social and ethnic divisions within Argentina in order to create a homogenous society Carlos Riob traces the various versions of colonial captivity legends He argues convincingly that the historical conditions of the colonial period created an ethnic hybridity a mestizo or culturally mixed identity that went against the state compulsion for a racially pure identity This mestizaje was signified not only in Argentina s literature but also in its art and Riob thus analyzes colonial paintings as well as texts *Caught between the Lines* focuses on borders and

mestizaje both biological and cultural as they relate to captives specifically how captives have been used to create a national image of Argentina that relies on a logic of separation to justify concepts of national purity and to deny transculturation
