Homosexuality on the Small Screen Sebastian Buckle, 2018-08-30 Television provides a unique account of the development of a homosexual identity across the western world emerging as it did when ideas around sex and sexuality were themselves only just beginning to be publicly discussed From the very earliest surviving drama featuring homosexuality in 1959 *Homosexuality on the Small Screen* explores each decade s programming in turn looking at homosexual themes storylines and characters situating them historically and relating them to the broader events in British history By doing so it examines the interactions between the medium and the reality of gay lives showing how television mirrored the changes taking place in British society For those with a homosexual or emerging homosexual sexual orientation they were seminal in early personal and social development For heterosexual viewers these images were equally important in exploring a sexual other which otherwise remained hidden from them They included positive storylines which helped improve public ideas about homosexuality but also stereotypical images which propagated negative attitudes in the public consciousness *Homosexuality on the Small Screen* charts this fascinating journey and television s role in the construction of a gay identity

Cloning Stephen D. Fairbanks, 2004 The terms recombinant DNA technology DNA cloning

molecular cloning or gene cloning all refer to the same process the transfer of a DNA fragment of interest from one organism to a self replicating genetic element such as a bacterial plasmid The DNA of interest can then be propagated in a foreign host cell This technology has been around since the 1970s and it has become a common practice in molecular biology labs today Reproductive cloning is a technology used to generate an animal that has the same nuclear DNA as another currently or previously existing animal Dolly was created by reproductive cloning technology In a process called somatic cell nuclear transfer SCNT scientists transfer genetic material from the nucleus of a donor adult cell to an egg whose nucleus and thus its genetic material has been removed The reconstructed egg containing the DNA from a donor cell must be treated with chemicals or electric current in order to stimulate cell division Once the cloned embryo reaches a suitable stage it is transferred to the uterus of a female host where it continues to develop until birth Therapeutic cloning also called embryo cloning is the production of human embryos for use in research The goal of this process is not to create cloned human beings but rather to harvest stem cells that can be used to study human development and to treat disease Stem cells are important to biomedical researchers because they can be used to generate virtually any type of specialised cell in the human body This new book presents an up to date Chronology of Cloning along with current and selected abstracts dealing with cloning as well as a guide to books on the topic Access to the abstract and books sections is provided by title subject and author indexes

Robin Cook Untitled 2025 Robin Cook,2025-12-04 From the master of the medical thriller The New York Times Robin Cook fan favorites Jack and Laurie return in another fast paced story about a deadly bioweapon that could disrupt the world order as they know it When Laurie Montgomery temporarily steps down from her position as Chief Medical Examiner at the OCME to get a break from office politics she and Jack decide to embark on a weekend getaway And the timing couldn t be better when they receive a call from Jack s old peer Robert Neilson MD about two strange deaths and their potential association with the upswing in Alzheimer s cases in Essex Falls Deciding this is just what the doctor ordered Laurie and Jack agree to help and head upstate But Essex Falls is far from the rural idyllic town of their imagination It s apparent that most of the residents are earnest in their undying wish to return America back to the 1950s Robert tells them the deaths are of two troublemakers known to be white extremists in their late twenties Prior to their deaths their behavior had been somewhat bizarre with both complaining of muscle spasms nausea and off the charts anxiety As Jack and Laurie get to work they are led to believe that a dangerous bioweapon might be at play which in the wrong hands could threaten the lives of the entire town and maybe all of America

The Social Construction of Swedish Neutrality Christine Agius,2006-07-30 Since the end of the Cold War and particularly in the post 9 11 international environment neutrality has been conceptualised as a problematic subject With the end of bipolarity neutrality as a foreign and security policy lost much of its justification and in the ongoing War on Terror no state according to the Bush Administration can be neutral However much of this debate has gone unnoticed in IR literature This book newly available in paperback examines the conceptualisation of neutrality from the

Peloponnesian War to the present day uncovering how neutrality has been a neglected and misunderstood subject in IR theory and politics By rethinking neutrality through constructivism this book argues that neutrality is intrinsically linked to identity Using Sweden as a case study it links identity sovereignty internationalism and solidarity to the debates about Swedish neutrality today and how neutrality has been central to Swedish identity and its world view **Gibraltar** Peter Gold,2005 The year 2004 marks three hundred years since Britain took possession of Gibraltar a rocky promontory at the foot of the Iberian Peninsula sometimes referred to as The Rock Gibraltar British or Spanish provides a detailed study of the attempts that have been made by Spain especially since 1984 when Britain and Spain signed an agreement to discuss the future of Gibraltar to regain the sovereignty of The Rock despite the wishes of the Gibraltarians Mr Denis MacShane Great Britain: Parliament: House of Commons: Committee on Standards and Privileges,2012-11-02 This Report deals with matters arising from a complaint against Rt Hon Denis MacShane made on 29 June 2008 relating to expense claims made between 2005 and 2008 The Committee agreed that the conduct of Mr MacShane should be reported to the Metropolitan Police though the police decided as a result of their inquiries to take no action The Report states that this was the gravest case which has come to the Committee for adjudication It sets out the Committee's views and reasoning clearly and is accompanied by the detailed memorandum from the Parliamentary Commissioner for Standards as well as Mr MacShane's response The Committee concluded that Mr MacShane was in breach of the Code of Conduct in withdrawing his co operation by declining at the conclusion of this inquiry to attend an interview and to answer a specific question about his invoices He was also in breach of the Green Book rules for the 19 claims he made from 2004 05 to 2007 08 totalling 12 900 against his incidental expenses provision and further in breach of the rules in buying computers between 2004 05 and 2007 08 when the expenditure was not wholly exclusively incurred on parliamentary duties **Constitutional and Administrative Law** David Pollard,Neil Parpworth,David Hughes,2007-06-14 The fourth edition of Constitutional and Administrative Law Text with Materials provides a wealth of essential materials drawn from a wide range of sources and integrated with lively commentary It enables students to gain a full understanding of public law by explaining the context of its historical development and current political climate Parliamentary Debates (Hansard).
