With chapters contributed by lecturers of VU University Amsterdam's flourishing post doctoral Executive Master Program in Compliance and Integrity Management, which fosters alternatives such as greater trust in self regulation and market discipline, the book explores such aspects of compliance and integrity management as the following: monitoring risk, compliance and integrity stakeholder and reputation management, conflicts of interest, anti bribery, export controls, extraterritorial jurisdiction of U.S. legislation, fraud, duty of care, market abuse, privacy and competition. The analysis throughout is supported by a comprehensive study of the literature concerning the raison d'être of supervision and regulation.
