Use the following table to find the remote control code needed for your TV. This table provides the most common remote control codes usable by TV manufacturers. The specific buttons each code will provide on your DCR remote may vary by code and by TV manufacturer.

*If your TV does not support the DVI-D output, the optional three-pin D-subminiature cable (sold separately) is required for connecting your projector to your computer using PowerLite's DVI-D cable. For more information, please visit www.powerlite.com.
