collection Evidence suggests that these documents originated from an administrative center that interacted closely with the provincial capital Nippur and must have been located in its vicinity They thus expand significantly our previous knowledge of the Nippur region under Kassite rule hitherto almost exclusively based on sources that came from Nippur itself and provide substantial new data for the study of central aspects of society economy and administration that traditionally lie at the core of research about Kassite Babylonia **ReadyGen Text Collection: Grade K - Unit 2 (Understanding Then and Now).**
