western culture it has now become a property of worldwide society Albrow concludes by arguing that integrity could add more value today by being combined with non western wisdom as we strive to create an order where honesty trust and reliability in our relationships with others are paramount This highly original account of an idea that lies at the heart of western culture will be of interest to anyone concerned about the state and future of our public life     *The International Encyclopedia of Prose and Poetical Quotations from the Literature of the World Including the Following Languages: English, Latin, Greek, French, Spanish, Persian, Italian, German, Chinese, Hebrew and Others* William S.
