Nixon Venture Manual:

Manual of Book-keeping and Accountancy Alfred Nixon, Harry E. Evans, 1921 **A Manual of Stories** William Byron Forbush, 1915 **The Investor's Monthly Manual**, 1929 **Doubleday, Page & Co.'s Geographical Manual and New Atlas** Christopher Orlando Sylvester Mawson, 1918 **The Mines Handbook** Walter Garfield Neale, Lenox Hawes Rand, Edward Barney Sturgis, 1922 *Nixon* Jonathan Aitken, 2015-10-19 The rise fall and rebirth of Richard Nixon is perhaps the most fascinating story in American politics and perhaps the most misunderstood Nixon A Life is the first entirely objective biography of Richard Nixon Former British Defense Minister Jonathan Aitken conducted over sixty hours of interviews with the impeached former president and was granted unprecedented access to thousands of pages of Nixon s previously sealed private documents Nixon reveals to Aitken why he didn t burn the Watergate tapes how he felt when he resigned the presidency his driving spiritual beliefs and more Nixon A Life breaks important new ground as a major work of political biography inspiring historians to recognize the outstanding diplomatic achievements of a man whose journey from tainted politician to respected foreign policy expert and elder statesman was nothing short of remarkable Constructive Ventures in Government Addison Hibbard, Edgar Ralph Rankin, Elizabeth Lay Green, Howard Washington Odum, John E. Lear, Louis Round Wilson, Paul John Weaver, University of North Carolina (1793-1962), 1920 **The Oxford Handbook of Ecocriticism** Greg Garrard, 2014 The Oxford Handbook of Ecocriticism provides a broad survey of the longstanding relationship between literature and the environment The moment for such an offering is opportune in many respects multiple environmental crises are increasingly inescapable at both transnational and local levels the role of the humanities in addition to technology and politics is increasingly recognized as central for exploring and finding solutions and the subject of ecocriticism has reached a kind of critical mass both within its Anglo American heartlands and beyond From its origins in the study of American Nature Writing and British Romanticism ecocriticism has developed along numerous theoretical historical cultural and geographical axes the most contemporary and exciting of which will be represented in the Handbook The contributors include eminent founders of the field including Cheryll Glotfelty and Jonathan Bate a number of key second wave ecocritics and the best up and coming scholars Topics covered include Green Shakespeare the Bard s subversive uses of the pastoral John Clare s sacred relationship with the land Thoreau s profound political passion the natural landscape as symbol of postcolonial resistance in works by Lessing Naipaul and Coetzee the relation between feminism and environmentalism language and the concept of biosemiotics and concerns over pollution and toxicity in films like Erin Brockovitch Michael Clayton and Al Gore s An Inconvenient Truth **Sales Manager's Handbook** Dartnell Corporation, 1980 **Knowledge**, 1887 *Presidential Party Building* Daniel J. Galvin, 2009-09-21 Modern presidents are usually depicted as party predators who neglect their parties exploit them for personal advantage or undercut their organizational capacities Challenging this view Presidential Party Building demonstrates that every Republican president

since Dwight D Eisenhower worked to build his party into a more durable political organization while every Democratic president refused to do the same Yet whether they supported their party or stood in its way each president contributed to the distinctive organizational trajectories taken by the two parties in the modern era Unearthing new archival evidence Daniel Galvin reveals that Republican presidents responded to their party's minority status by building its capacities to mobilize voters recruit candidates train activists provide campaign services and raise funds From Eisenhower's Modern Republicanism to Richard Nixon's New Majority to George W Bush's hopes for a partisan realignment Republican presidents saw party building as a means of forging a new political majority in their image Though they usually met with little success their efforts made important contributions to the GOP's cumulative organizational development Democratic presidents in contrast were primarily interested in exploiting the majority they inherited not in building a new one Until their majority disappeared during Bill Clinton's presidency Democratic presidents eschewed party building and expressed indifference to the long term effects of their actions Bringing these dynamics into sharp relief Presidential Party Building offers profound new insights into presidential behavior party organizational change and modern American political development [Venture](#),1983 [AF Press Clips](#),1969-06-26 **Catalog of Copyright Entries.
