[DIY Financial Advisor](#) Wesley R. Gray, Jack R. Vogel, David P. Foulke, 2015-08-10 DIY Financial Advisor A Simple Solution to Build and Protect Your Wealth DIY Financial Advisor is a synopsis of our research findings developed while serving as a consultant and asset manager for family offices By way of background a family office is a company or group of people who manage the wealth a family has gained over generations The term family office has an element of cachet and even mystique because it is usually associated with the mega wealthy However practically speaking virtually any family that manages its investments independent of the size of the investment pool could be considered a family office The difference is mainly semantic DIY Financial Advisor outlines a step by step process through which investors can take control of their hard earned wealth and manage their own family office Our research indicates that what matters in investing are minimizing psychology traps and managing fees and taxes These simple concepts apply to all families not just

the ultra wealthy But can or should we be managing our own wealth Our natural inclination is to succumb to the challenge of portfolio management and let an expert deal with the problem For a variety of reasons we discuss in this book we should resist the gut reaction to hire experts We suggest that investors maintain direct control or at least a thorough understanding of how their hard earned wealth is managed Our book is meant to be an educational journey that slowly builds confidence in one s own ability to manage a portfolio We end our book with a potential solution that could be applicable to a wide variety of investors from the ultra high net worth to middle class individuals all of whom are focused on similar goals of preserving and growing their capital over time DIY Financial Advisor is a unique resource This book is the only comprehensive guide to implementing simple quantitative models that can beat the experts And it comes at the perfect time as the investment industry is undergoing a significant shift due in part to the use of automated investment strategies that do not require a financial advisor s involvement DIY Financial Advisor is an essential text that guides you in making your money work for you not for someone else

**Financial Freedom**  
Grant Sabatier,2020-04-07 The International Bestseller New York Public Library s Top 10 Think Thrifty Reads of 2023 This book blew my mind More importantly it made financial independence seem achievable I read Financial Freedom three times cover to cover Lifehacker Money is unlimited Time is not Become financially independent as fast as possible In 2010 24 year old Grant Sabatier woke up to find he had 2 26 in his bank account Five years later he had a net worth of over 1 25 million and CNBC began calling him the Millennial Millionaire By age 30 he had reached financial independence Along the way he uncovered that most of the accepted wisdom about money work and retirement is either incorrect incomplete or so old school it s obsolete Financial Freedom is a step by step path to make more money in less time so you have more time for the things you love It challenges the accepted narrative of spending decades working a traditional 9 to 5 job pinching pennies and finally earning the right to retirement at age 65 and instead offers readers an alternative forget everything you ve ever learned about money so that you can actually live the life you want Sabatier offers surprising counter intuitive advice on topics such as how to Create profitable side hustles that you can turn into passive income streams or full time businesses Save money without giving up what makes you happy Negotiate more out of your employer than you thought possible Travel the world for less Live for free or better yet make money on your living situation Create a simple money making portfolio that only needs minor adjustments Think creatively there are so many ways to make money but we don t see them But most importantly Sabatier highlights that while one s ability to make money is limitless one s time is not There s also a limit to how much you can save but not to how much money you can make No one should spend precious years working at a job they dislike or worrying about how to make ends meet Perhaps the biggest surprise You need less money to retire at age 30 than you do at age 65 Financial Freedom is not merely a laundry list of advice to follow to get rich quick it s a practical roadmap to living life on one s own terms as soon as possible
