The Contemporary Femme Fatale Katherine Farrimond, 2017-07-06 The femme fatale occupies a precarious yet highly visible space in contemporary cinema From sci fi alien women to teenage bad girls filmmakers continue to draw on the notion of the sexy deadly woman in ways which traverse boundaries of genre and narrative This book charts the articulations of the femme fatale in American cinema of the past twenty years and contends that despite her problematic relationship with feminism she offers a vital means for reading the connections between mainstream cinema and representations of female agency The films discussed raise questions about the limits and potential of positioning women who meet highly normative standards of beauty as powerful icons of female agency They point towards the constant shifting between patriarchal appropriation and feminist recuperation that inevitably accompanies such representations within mainstream media contexts

Gender Orders

Unbound? Ilse Lenz, Charlotte Ullrich, Barbara Fersch, 2007-05-24 During the last thirty years the modernisation of gender relations has been dynamic and comprehensive shaped by the conflicting forces of globalisation as well as women's movements around the world As the patterns of segregation and discrimination of the classical industrial gender order erode new complexities and contentions in gender relations emerge at various sites such as politics work and families The main aim of the book is to trace formal as well as informal gender contracts as they emerge in everyday life and also in new norms and regulations set by states and enterprises Core issues are the chances and the barriers for equality and new forms of gender reciprocity and solidarity

Resistance, Flight, Creation Dorothea Olkowski, 2000 Thirteen women at the forefront of philosophy locate new feminist points of view within the discipline by rigorously engaging works of contemporary French philosophy In so doing they both transform the standard practices of the field and carve out new territory These writers amplify the work of feminist philosophers such as Simone de Beauvoir Luce Irigaray and Sarah Kofman in ways that are both stylistically and substantively creative They also appropriate for radical feminist use the works of male philosophers such as Michel Foucault Gilles Deleuze Maurice Merleau Ponty and Jean Paul Sartre The essays illustrate the manner in which feminist philosophers bypass traditional methodology in favor of a disciplinary freedom characterized by fluid methodologies best exemplified in Beauvoir's work and by the employment of imaginative forms including the autobiographical and the poetic The modes of inquiry used here range variously from psychoanalysis and existentialism to deconstruction post structuralism and newly resurgent phenomenology This volume also contains a comprehensive bibliography of feminist thinkers who are enacting French philosophy in English German and French

Sweatman, 2014-08-26 The Risky Business of French Feminism Publishing Politics and Artistry examines the institutional history of the publishing house Editions des Femmes as well as its relationship to the French Women's Liberation Movement MLF from 1972 to the present The founding and subsequent success of Editions des Femmes in the publishing milieu intensified the ideological divisions within the MLF and highlighted the extent to which that movement failed to adequately reflect on the power inherent in its recourse to print culture as an agent of change In particular Editions des Femmes produced several periodical publications and pioneered a woman centered subculture that attached militant political meanings to the practice of buying and publishing books While the MLF succeeded in changing legislation detrimental to women it was not able to create unified cultural politics or construct a long term media strategy that could preserve the movement's original ideals and unity Jennifer L Sweatman explores the long term dissipation of the MLF as a unified force not only as an outcome of ideological disagreement but also due to conflicting views on culture women's creativity as a strategy for empowerment and the utility of media for creating change As the MLF fragmented unable to fully come to terms with its various consumer identities its need for capital to support creative projects and its difficult experience with collective decision making the Editions des Femmes project was seen as incredibly controversial However Editions des Femmes embodied a broader strategy for cultural transformation that privileged women's creative works rather than feminism situating it as a successful forerunner of the revitalization of the publishing industry from below as small independent houses challenged the large media conglomerate control of the industry
