Science Education in Canada Christine D. Tippett, Todd M. Milford, 2019-07-01 This book offers a meso level description of demographics science education and science teacher education Representing all 13 Canadian jurisdictions the book provides local insights that serve as the basis for exploring the Canadian system as a whole and function as a common starting point from which to identify causal relationships that may be associated with Canada's successes The book highlights commonalities consistencies and distinctions across the provinces and territories in a thematic analysis of the 13 jurisdiction specific chapters Although the analysis indicates a network of policy and practice issues warranting further consideration the

diverse nature of Canadian science education makes simple identification of causal relationships elusive Canada has a reputation for strong science achievement However there is currently limited literature on science education in Canada at the general level or in specific areas such as Canadian science curriculum or science teacher education This book fills that gap by presenting a thorough description of science education at the provincial territorial level as well as a more holistic description of pressing issues for Canadian science education

Ruptured Walk Lunko,2021-12-15 Conflict is an inherent part of life The ruptured Walk not only evokes the narrator protagonist s personal family and spiritual life It brilliantly and expertly gives us a gaze into the heart of a woman whose search for peace and justice brings her almost to a cataclysmic end Her vistas takes the reader into her confidence as she confides how the pulpit is used to subject the congregants into kowtowing to the pastor s authority and those who dare see it as an object of oppression are tried and cast out as silly tedious deviates She gently reflects that behind an indomitable character she is known to be still stands a fallible person who battles with some of the choices she has made In her pursuit to self correct she becomes a lone voice trying to dissuade others from falling prey to the same unfortunate fate she suffered This sends her into the tradition of renegades as viewed through the eyes of the pastor The animosity between the pastor and our protagonist culminates in the decision of her viewing family relations rather than money This view compels the reader to decide on his or her own virtues what comes first between church money and family In the end the narrative talks to the name of the book why the author chose not to name it Rapture which means a feeling of intense pleasure rather a rupture that means break away Once again the woman s decision is against the popular norm The author expertly takes us through Mehlolo s conflicting personal and popular view and she elects the antonym of union deciding to break away in a complex yet narratively sequential the theme of the story lends itself with ease to the name
