« Peut-être sous l'influence de Wittgenstein, pour qui la philosophie est moins une doctrine qu'une activité, Laléyé cherche davantage à caractériser et à décrire cette activité qu'à la définir... »

La sûreté de l'information, l'analyse honnête dont elle fait l'objet ainsi que les qualités pédagogiques exceptionnelles du Pr Laléyé font de ce livre un véritable vade-mecum, méthodiquement construit, qui pourra être consulté avec profit tant par les étudiants que par les enseignants. Il constitue une excellente initiation à l'étude de la philosophie africaine, non seulement dans nos classes de terminale, mais encore dans le premier cycle de nos universités. Au grand public, il offre un accès simple, clair et autorisé à la philosophie africaine et même à la philosophie tout court. »

D. Samb

« Cette ignorance savante (dœda ignorantia comme le dit Nicolas de Cues) est conjuguée ici par Laléyé qui ne verse pas dans le réflexe dichotomiste et infamant, valorisant d'un côté les "philosophes" et de l'autre stigmatisant les "ethnophilosophes". Il donne, à travers les réponses claires à des problématiques compliquées, l'envie de philosopher. »

J.-G. Bidima

Conversations Africaines est un forum du savoir africain contemporain Pour mieux agir sur notre devenir individuel et collectif Sous la direction de Dr Saïd Abass Ahamed et Esimba Ifonge **Philosophies et cultures africaines à l'heure de l'interculturalité (Tome 1)** Michel Kouamé, Christian Mofor, 2011-10-01 Cet ouvrage offre une vue de la diversité des recherches et des réflexions actuellement menées au sujet de la philosophie et des cultures africaines et une analyse des débats en cours Il donne en particulier une analyse du point où est arrivé le débat sur l'existence d'une philosophie proprement africaine et sur ce que peut ou doit être cette philosophie *African Philosophy, Second Edition* Paulin J. HOUNTONDIJI, 1996-11-22

Hountondji contends that ideological manifestations of this view that stress the uniqueness of the African experience are protonationalist reactions against colonialism conducted paradoxically in the terms of colonialist discourse Hountondji argues that a genuine African philosophy must assimilate and transcend the theoretical heritage of Western philosophy and must reflect a rigorous process of independent scientific inquiry **Paulin Hountondji and the Science Question in**

**Africa** Zeyad el Nabolsy,2025-07-18 This book offers a systematic reconstruction of Paulin Hountondji's contributions to the debate about the place of modern science on the African continent. The book shows that Hountondji develops an account of modern science that is sociologically sensitive to the entanglement between modern science and colonialism on the African continent without falling into epistemic relativism about the claims of modern science. It is argued that Hountondji's views on modern science express a strong historical materialist influence and that he develops a theory of science that draws both on the Hessen Grossmann hypothesis and dependency theory. Thus this book brings together two strands of historical materialist thought about science that have hitherto been isolated from one another. This book is of interest to scholars who specialize in African philosophy history and philosophy of science global philosophy and African studies.

**Dix penseurs africains par eux-mêmes**

Seloua Luste Boulbina,2022-03-03 La question de la décolonisation des savoirs mérite d'être pleinement et sérieusement traitée. Elle ne concerne pas seulement la politique ou la culture littéraire mais également la rationalité des sciences sociales et la philosophie. Le propos ici est de tracer les moments d'une bibliographie alternative partant d'auteurs et de penseurs qui, parmi les premiers sur notre continent, ont analysé autrement dans un nouveau langage celui de l'indépendance les relations coloniales et postcoloniales. Ce livre d'entretiens avec dix penseurs africains dont de nombreux philosophes offre un aperçu de l'importance et de la richesse de leurs apports dans l'histoire de la pensée contemporaine.

**PROPOS DE L'AUTEURE** Seloua Luste Boulbina est philosophe directrice de programme au Collège International de Philosophie Paris et chercheuse HDR au Laboratoire de changement social et politique Université Paris 7. Agrégée de philosophie et docteur en sciences politiques, elle a longtemps enseigné la théorie politique à l'Institut d'Etudes Politiques de Paris. *Genre et fondamentalismes/Gender and Fundamentalisms* Fatou Sow, 2018-09-26 When, why and how can religion and culture be both sources and places of expression for fundamentalisms particularly in relation to politics? Those are the central questions asked throughout this book alongside a discussion on the result when religion is strengthened by culture is used as a political tool to access moral and social power. Cultural and religious messages often form the basis of decisions laws and programs made in politics and have a direct effect on society in general and on women and gender relations in particular. The various forms taken by fundamentalisms in some African countries and the contexts under which they have emerged the ways in which they reshape identities and relationships between men and women are also analysed in this book. These fundamentalisms are frequently sources of concern in social debates in feminist and feminine organizations as well as in academia and politics. The manipulation of cultures and religions are becoming progressively political and consequently can cause social discrimination or even physical, moral and symbolic violence.

Eboussi Boulaga,2011 L Affaire de la philosophie En quoi consiste t elle On peut l entendre comme l ensemble des querelles et des débats qui ont tourné autour des questions telles que Existe-t-il une philosophie africaine N'est-il pas mieux de se contenter des expressions telles que la pensée africaine ou mieux les pensées africaines tant donné la diversité des peuples du continent africain L Affaire de la philosophie serait dans ce cas un déni si c'est de palabres interminables et stériles sur des questions sans solution indécidables Le présent livre ne tranche pas en faveur d'une position ou d'une autre d'un camp ou d'un autre Il propose une approche qui prouve le mouvement en marchant vers un au-delà des querelles Mais comment Par une approche qualitative des topiques et par sa mise au point de vue du Bantou non par nature mais par méthode et posture radicale pour qui la philosophie est un mode de la vie

Slusser, Jaume Martí-Olivella, 2022-06-08 The Fantastic Other is a carefully assembled collection of essays on the increasingly significant question of alterity in modern fantasy the ways in which the understanding and construction of the Other shapes both our art and our imagination The collection takes a unique perspective seeing alterity not merely as a social issue but as a biological one Our fifteen essays cover the problems posed by the Other which after all go well beyond the bounds of any single critical perspective With this in mind we have selected studies to show how insights from deconstruction Marxism feminism and Freudian Jungian and evolutionary psychology help us understand an issue so central to the act of reading
