Restaurants are notorious for their low margins and even lower success rates. It's no surprise that restaurant owners and operators are usually stressed out. Many wonder if they can ever truly break the cycle of a runaway payroll or ever increasing food and beverage costs. It's no surprise that it's sometimes easier to quit than to push through. However, I argue that with the right support and know how, owners and operators can set up and successfully execute all of their back office tasks. I explain QuickBooks fundamentals including sales tracking purchasing bill paying invoicing managing day to day liabilities gift certificate tracking cash management detailed reporting and more.
