Microwave Hood Combination Safety

Your safety and the safety of others are very important.

We have provided many important safety messages in this manual and on your appliance. Always read and obey all safety messages.

WARNING

Hazards or unsafe practices that may result in **severe personal injury or death.**

CAUTION

Hazards or unsafe practices that may result in **minor personal injury or property damage.**

All safety messages will tell you what the potential hazard is, tell you how to reduce the chance of injury, and tell you what can happen if the instructions are not followed.

PRECAUTIONS TO AVOID POSSIBLE EXPOSURE TO EXCESSIVE MICROWAVE ENERGY

- (a) Do not attempt to operate this oven with the door open since open-door operation can result in harmful exposure to microwave energy. It is important not to defeat or tamper with the safety interlocks.
- (b) Do not place any object between the oven front face and the door or allow soil or cleaner residue to accumulate on sealing surfaces.
- (c) Do not operate the oven if it is damaged. It is particularly important that the oven door close properly and that there is no damage to the:
 - (1) Door (bent),
 - (2) Hinges and latches (broken or loosened),
 - (3) Door seals and sealing surfaces.
- (d) The oven should not be adjusted or repaired by anyone except properly qualified service personnel.

IMPORTANT SAFETY INSTRUCTIONS

When using electrical appliances basic safety precautions should be followed, including the following:

WARNING

To reduce the risk of burns, electric shock, fire, injury to persons, or exposure to excessive microwave energy:

- Read all instructions before using the microwave oven.
- The microwave oven must be grounded. Connect only to properly grounded outlet. See "GROUNDING INSTRUCTIONS" found in this section and in the provided installation instructions.
- Install or locate the microwave oven only in accordance with the provided installation instructions.
- Some products such as whole eggs in the shell and sealed containers – for example, closed glass jars – are able to explode and should not be heated in the microwave oven.
- As with any appliance, close supervision is necessary when used by children.
- When flambeing foods under the hood, turn the fan on.

Strategy, Structure, and Performance of MNCs in China Yadong Luo, 2000-11-30 China is the largest emerging market in the world yet Western MNCs have invested significantly less there than their Asian MNC counterparts Luo systematically compares Western and Asian investment strategies and their performance in China and draws lessons that Westerners must heed He compares Western and Asian MNCs on their respective economic rationales cultural proximity strategy behavior investment structure business determinants and performance differences He also reviews foreign direct investment in China over two decades outlines the economic environment facing MNCs today delineates new policies that affect foreign investment and operations and discusses China's entry into the World Trade Organization and the impact this will have on MNCs everywhere The result is a needed contribution to the literature on international investment and the China market particularly for upper level executives analysts studying emerging markets and scholars specializing in international business and expansion In Part I Luo reviews the experience of MNCs in China and the opportunities and challenges today and in coming years In Part II he looks at the strategy structure and performances of Western and Asian MNCs He assesses and compares strategic and structural behaviors of these two groups of MNCs then deciphers and compares the differences in distinctive capabilities and their performance implications In other chapters he examines and compares financial performance and its business determinants thus giving executives of Western MNCs a way to verify the effectiveness of their own investment and operating strategies

and to reconfigure them if necessary to include environmental dynamics and organizational capabilities In addition to mini cases throughout the book there is an appendix consisting of six major case studies detailing the experiences and successes of six Asian MNCs in China offering a seldom seen glimpse of how the West's Asian competitors accomplish their own goals and why the challenges they present to the West are so formidable

Technology Transfer and International Production Jin W. Cyhn, 2002-03-27 This book analyses the technology development efforts of Korea's electronics industry the country's largest exporter It asks how the Korean electronics industry was able to develop both in terms of production and technology despite low inflows of licensing and foreign direct investments The book argues that the key to its spectacular growth has been through its participation and learning from an inter firm arrangement called original equipment manufacturing arrangement OEM A number of firm level case studies on the Korean electronics industry support this argument The role of the government especially related to its technology policy has also been analysed The government was effective in providing financial incentives for the firms technological upgrading efforts but its supplying of direct technological assistance had limited success Overall this book argues that contrary to many previous studies the role of multinational enterprises has been significant in the development of Korea's electronics industry and that they have acted as a technological tutor for Korea through OEM
