

SHIFTING COURSE SAMPLE LETTER

Good day!

The main reason I want to shift is that I recognized the course is not right for me. Before applying for college, I considered becoming a multimedia artist. Unfortunately, I made the incorrect decision, because after a year in B.S. Accounting Information System, I recognized that the skills I have were neglected. I believe I have visionary and creative abilities because I grew up sketching and painting as a hobby. I also enjoy various disciplines of media like digital/traditional art, animation and photography. These abilities, in my opinion, are crucial and required for the course. Also, I am interested in taking the course because of the different and unique subjects, and various art skills, which is something I am curious to learn. I believe that if I will be given the chance to take the subjects that require these skills, I will be able to achieve my dream to be a certified animator. I understand that it may be difficult to process to allow me to shift to the course, but it will be an honor for allowing me to do so. Thank you.

Sincerely,
<name>

Rapidex English Speaking Course (Telugu) EDITORIAL

BOARD, 2015-01-09 A legendary language learning course undoubtedly Rapidex English Speaking Course is the only speaking course of its kind whose features can be described in superlative degree only. It has already benefited millions of readers across the country. Experts have unanimously declared it as the best self study course. Perhaps that is the reason that for over 15 years it has constantly been on the top of the best sellers list in the market. What is the secret of its great popularity? Maybe a no nonsense down to earth approach and a very scientific methodology that takes into its account the special requirements of Indian learners. In any case it is not just another crash course that begins with a bang but ends with a whimper. Rather its contents and subject matters have been specially designed to help a common man achieve maximum command on the language in a very short time. The most important part of this self study course is confidence building measures because it has been found from the long experience that the biggest problem in the path of fluently speaking a foreign language is hesitation that arises out of lack of confidence. Many people who have good command over the language and are well aware of its grammar and composition cannot speak the language fluently. Why? The answer is simple. While speaking they try to construct a sentence in their mother language and do the mental translation before uttering a single line. This creates not only confusion but utter chaos in their mind. As a result they feel great hesitation to speak simple sentences. In some cases however the problem is more complex as they lack the basic knowledge of the English language. Rapidex English Speaking Course takes care of both the cases. So what are you waiting for? Go ahead and discover the secret of fluency in English speaking. Explore and develop your hidden potential and face the world with a new found confidence and smartness. Only the sky should be your limit. No matter which language you know or speak be it Hindi, Marathi, Gujarati, Tamil, Telegu, Assami, Oriya, Kannad, Punjabi, Bengali, Nepali or Urdu with the help of this book English will no more be a foreign language for you. A must for every Indian home.

Letter Writing and Language Change Anita Auer, Daniel

Schreier, Richard J. Watts, 2015-07-16 Letter Writing and Language Change outlines the historical sociolinguistic value of letter analysis both in theory and practice. The chapters in this volume make use of insights from all three Waves of Variation Studies and many of them either implicitly or explicitly look at specific aspects of the language of the letter writers in an effort to discover how those writers position themselves and how they attempt consciously or unconsciously to construct social identities. The letters are largely from people in the lower strata of social structure either to addressees of the same social status or of a higher status. In this sense the question of the use of standard and or nonstandard varieties of English is in the forefront of the contributors' interest. Ultimately the studies challenge the assumption that there is only one legitimate and homogenous form of English or of any other language.
