Topic

What are some of the most memorable times of your school life and how did they impact your growth as a person?

MODEL ESSAY

"School life is the best life," is a phrase that truly resonates with me. School life was truly a time about learning and enjoying the company of friends and teachers. It is the formative period for everyone to build their characters as well as forge strong friendships with one another. School life forms the fundamental basis that shapes our characters, moulds our mental attitudes and forges basic principles of life. It is inevitable that one goes through many ups and downs during one's school life and this is what makes it so memorable. Personally, memories of my free-spirited school days fill my mind with happiness and nostalgia. With this in mind, there are many memorable moments in my school life that have not only taught me life lessons but also the importance of perseverance, compassion and confidence which has also allowed me to forge many lifelong friendships.

The first memorable moment would be my experience being part of the school's swimming team. My co-curricular activity in secondary school was swimming. I remember training tirelessly for my events and feeling both physically and mentally exhausted from the gruelling training which I had to endure. Waking up early in the morning to head to the pool each day felt somewhat dreadful to me, however I was extremely motivated and determined to reach my goal. This period of time was extremely challenging for me but it gave me the opportunity to push myself to my limits and put in my utmost effort to work towards an objective. I knew that whatever the results of the competition were, I would be contented and satisfied with what I had accomplished. For the first time in my life, I understood what it meant to truly give my all to something and that the biggest takeaway from this experience would not be the prizes won but the lessons learned. They have truly shaped me to become the person I am today; determined and motivated to reach my goals.

The second memorable instance would be my experience doing voluntary work with my school. Volunteerism provided me with the opportunity to interact with people of different backgrounds and it taught me to empathise with their circumstances. I learned to be more appreciative of whatever opportunities I had and the simple things in life which I so often took for granted. A group of friends and I decided to start our own self-initiated project, and we managed to successfully garner the support of both of teachers and fellow schoolmates to embark on a school-based volunteerism activity. The memory of visiting the orphanage and interacting with the children there remains etched in my mind. Seeing the bright smiles and gregarious laughter from the children, an overwhelming sense of contentment and happiness rushed through me. It was a rather epiphanic moment for me for I realised that our small acts
