Brutalism as Found Nicholas Thoburn, 2024-03-19 A critical appropriation of Brutalism in the crisis conditions of today The Robin Hood Gardens public housing estate in East London completed in 1972 was designed by Alison and Peter Smithson as an ethical and aesthetic encounter with the flux and crises of the social world Now demolished by the forces of speculative development this Brutalist estate has been the subject of much dispute But the clichéd terms of debate a concrete

monstrosity or a modernist masterpiece have marginalized the estate's residents and obscured its architectural originality Recovering the social in the architectural this book centers the estate's lived experience of a multiracial working class not to displace the architecture's sensory qualities of matter and form but to radicalize them for our present Immersed in the materials atmospheres social forms and afterlives of this experimental estate Robin Hood Gardens is reconstructed here as a socio architectural expression of our times out of joint *"Un-American" Hollywood* Frank Krutnik, 2007 *Un American Hollywood* debates the blacklist era and the aesthetic and political work of the Hollywood Left Featuring case studies focusing on contexts of production and reception it offers perspectives on the role of progressive politics within a capitalist media industry **Stupid Humanism** Christine Hoffmann, 2017-11-08 This book frames the undeniably copious 21st century performances of stupidity that occur within social media as echoes of rhetorical experiments conducted by humanist writers of the Renaissance Any historical overview of humanism will associate it with copia abundance of expression and the rhetorical practices essential to managing it This book argues that stupidity was and is a synonym for copia making the humanism of which copia is a central element an inherently stupid philosophy A transhistorical exploration of stupidity demonstrates that not only is excess still the surest way to eloquence but it is also just the kind of spammy speculative undertaking to generate a more generous and inventive comprehension of human and nonhuman relationships In chapters exploring the rhetorics of memes attack ads public shaming blogs clickbait and gifs *Stupid Humanism* outlines the possibilities for a humanism less invested in the normative logics that enshrine knowledge eloquence and linear development as the chief indicators of an active articulated selfhood and more supportive of a program for queer knowledge trivial pursuits anti social ethics and the curious relationships that form around and in response to abundance of expression
