Issue: Uniform should not be a requirement in school.

Stand: Against

Either wearing or not a school uniform has been the issue in the long run. There are many opinions and different perspectives arise. Each is dependent upon on its purpose. But what is really the role of wearing a school uniform? For school authorities, they can easily identify their students through their uniform upon entering the school premises. The so-called policy, "Not in complete uniform, no entry" has been a very good practice of the school to strengthen the wearing of school uniform that leads to the diminishing number of trespassing cases.

The strike of bullying cases amongst students can be minimized through wearing of school uniform. Not wearing school uniform may lead into misunderstandings and discrimination because of the cultural diversity and unique beliefs that could start a bullying act. If a majority wears the

Advances and New Perspectives in Higher Education Quality Maria Esteban, Ana B. Bernardo, Ellian Tuero Herrero, Joana R. Casanova, Antonio Cervero, 2024-04-22 The changes that have

occurred in today's society require Higher Education to be highly efficient in the academic and professional preparation of young people who enter university. For that reason, universities around the globe have been advocating in recent years for an improvement in the quality of teaching learning processes. As an example, the World University Consortium 2023 currently presents among its most urgent and priority objectives the identification of the best evaluative practices of the educational processes that are carried out at the University as well as the recognition of the actions aimed at improving educational processes based on scientific evidence. In this way, it seeks to distinguish all those educational actions that are at the forefront, going from actions at the micro level such as individual teaching practices in the classroom such as the application of the flipped classroom or the use of augmented reality up to actions taken at the macro level such as those proposed in the Horizon Europe 2020 strategy.
