Portrait Of A Killer By Patricia Cornwell Putnam December 1 :

Women and Stress James Harry Humphrey, 2004 Stress has increasingly become associated with greater susceptibility to various illnesses. The condition is also costly from an economic and financial perspective but such costs hardly reflect the human costs of emotional trauma and physical suffering that result from the illness. Women today are in a situation where both the monetary and human effects of stress take their toll as women face unprecedented pressures in accommodating the demands of home and career and personal family stresses that often result. In addition to this while women are prone to the same stressors as men they are confronted with potentially unique physical and psychological stressors of their own. They may also become stress carriers as in the abusive husband and unfair boss relationship. Ironically despite these differences women live longer than men although collectively they are reported to have more symptoms, illnesses, intake of drugs and doctor hospital visits. This outstanding new book by a pioneer in stress research presents an essential analysis of this increasingly relevant subject.

Cemetery John Robert Zorn, 2012-06-14 This true crime novel examines the 1932 Lindbergh kidnapping, arguing it was orchestrated by a Bronx deli clerk who got away with the crime scot free. In this meticulous and authoritative account of the trial and the times of the Lindbergh kidnapping Robert Zorn clears away decades of ungrounded speculation surrounding the case. Inspired by his father's relationship with the actual accomplices including the mastermind he presents the clearest ever picture of a criminal partnership that would shake every class and culture of American society. Using personal possessions and documents never before seen, photographs, new forensic evidence and extensive research Robert Zorn has written a shocking and captivating account of the crime and the original Trial of the Century. From the ecstatic riots that followed the Spirit of St Louis on either side of the Atlantic to the tragic night that would shake America's sense of security to the horror of the New Jersey morgue where Lindbergh insisted on verifying the identity of his son, Zorn's skillful treatment meets this larger than life story and gives it definitive shape by revealing the true events behind the crime for the first time. Praise for Cemetery John: Eighty years after the kidnapping of Charles and Anne Morrow Lindbergh's baby from their Englewood N.J. home, the case still raises questions. Zorn ably examines through an unusual lens. Retelling the by now familiar story of Charlie Lindbergh's kidnapping, Zorn imbues it with novelistic suspense. Even if Zorn doesn't definitively prove that Knoll who died in 1980 was the crime's mastermind and Hauptmann's accomplice, he makes a strong case. Publishers Weekly. Debut author Zorn makes a compelling case that the 1932 Lindbergh kidnapping was orchestrated by a Bronx deli clerk who got away with the crime scot free. Zorn's research includes new forensic evidence, personal and historical documents and interviews laying the foundation for a thrilling true crime tale that offers a resounding answer to the question of who was really responsible for the kidnapping. Kirkus Reviews.

Blood Evidence Henry Lee, Frank Tirnady, 2003-04-17 Uses case studies to examine how investigators collect genetic evidence and discusses how DNA has altered crime solving and the court system as well as the ethical ramifications of cloning, genetic modification and the death
