The Active/Ethical Professional Michael G. Gunzenhauser,2012-03-08 A winner of the 2012 Critics Choice Book Award of the American Educational Studies Association AESA The Active Ethical Professional proposes an ethical framework for educators and school leaders who find their practice constrained by the demands of policies and structures created in response to accountability legislation The framework is derived from Michel Foucault s theories of discipline surveillance resistance and care of the self Gunzenhauser asserts that an educator s dual position of being normalized especially in relations with those above them in the education hierarchy and normalizing especially in relations with their students can be troubling and difficult The book argues that this position requires educators to be both ethical and active To be ethical educators not only need to resolve ethical dilemmas in defensible ways but they also need to recognize themselves as powerful in relation to others To be active educators need to be vigilant for moments when they are placed in the position to be reactive to normalizing pressures and they also need to develop clear notions of how they may create opportunities for the cultivation of educational selves selves that are rich ethically aesthetically epistemologically and politically Setting a New Agenda for Student Engagement and Retention in Historically Black Colleges and Universities Prince, Charles B. W.,Ford, Rochelle L.,2016-06-27 As more Americans are attending college historically black colleges and universities HBCUs are now in a position where they must directly compete with other institutions While other colleges and universities might have more

resources and stronger infrastructures HBCUs provide better opportunities to meet the needs of students of color Setting a New Agenda for Student Engagement and Retention in Historically Black Colleges and Universities explores the innovations that HBCUs can enact to better serve and prepare the next generation of African American leaders and to be more competitive in the higher education landscape As students need different forms of support throughout their academic career it becomes necessary to engage them through mentorship programming and classroom management This book is a valuable resource for educators and administration at HBCUs sociologists policy makers and students studying education science and administration
