Sustainability Made Simple is an introduction to sustainability and sustainable living that explores the relationship between
everyday life and the intricate global environmental issues of today including air and water pollution deforestation and
climate change Rosaly Byrd and Laur n DeMates offer an optimistic yet realistic perspective on our impact on the
environment giving much needed guidance to those who are interested in finding new and relatively easy ways to incorporate
sustainability into daily life An excellent resource for those who are interested in learning what sustainability is about and
picking up habits to be more sustainable Sustainability Made Simple shows that adopting a sustainable lifestyle doesn t
require going off the grid or making drastic life changes that take time and cost money Instead Byrd and DeMates focus on
the advantages and transformative changes associated with sustainability demonstrating that although society is facing
unprecedented environmental challenges working towards sustainability is an opportunity to do things differently and do
things better enhancing aspects of life such as health work and community *Commerce Business Daily* ,2001-12-03
