Robert M Reece :

Strong Medicine Robert Reece, 2020-08-31 In a novel that could have been pulled from today's headlines Dr Tom Barrett respected surgeon and returning war veteran discovers the rules as set by the pharmaceutical industry They're dangerously effective skyrocketing prices misleading advertising manipulation of health care professionals rigged research and the suppression of competition Unscrupulous executives deploy them with a single objective spike earnings by ensuring that medicines are scarce for patients whose survival depends on them Barrett's answer is to assemble a team of specialists to take on the predators He creates PharmaTruth a group of motivated flesh and blood characters In chapters that take readers behind the scenes of the industry they face real life tight budgets as they set out to battle cynical big pharma executives who've long ago crossed the line from greedy to criminal Strong Medicine Dr Robert Reece's third novel is a high stakes game where big pharma is determined to crush PharmaTruth's assault on their domain even as Tom and his team struggle to set things right

Double Blind Double Cross Robert Reece, 2017-07-31 When trauma surgeon Dr Tom Barrett returns from military duty in the Middle East War he is stricken with flashbacks terrifying nightmares and tremors He learns his old friend and surgical colleague Akira Yamaguchi is conducting a clinical trial of a potential breakthrough drug that could erase bad memories in post traumatic stress disorder PTSD victims Book cover [The Lewellyns from Vincennes](#)

Robert Reece, 2022-09-17 The story of a twentieth century family whose lives are buffeted by personal losses two world wars the Great Depression family tragedies and triumphs The distant drumbeat of world events punctuates the fast moving narrative Jack the patriarch and his wife Sarah rear three children whose destinies are shaped by Jack's own failed aspirations and Sarah's steady determination and faith Based on a true story and told by Jack's twin brother Cyrus its tapestry is woven with invention of scenes and fictionalized dialogue It is ultimately a story of redemption and resilience

[Child Protection in America](#) John E.B. Myers, 2024-10-11 Child abuse and neglect are tragically common Each year more than 1 000 American children die due to maltreatment Thousands more suffer physical abuse sexual abuse and neglect Across the country every community has a system of government operated and funded child protective services CPS But given that social workers of CPS have the authority to remove children from unsafe parents it is no surprise that CPS is controversial Does CPS protect children Does CPS do more good than harm Is CPS fundamentally racist as some critics argue Should CPS be abolished To answer these questions it is essential to understand the origins of child protection in America How did we arrive at the child protection system in place today This book traces the history of child protection from colonial times to the present and provides the most in depth analysis ever published of the origins of child protection **To Tell the Truth** Robert M Reece, 2024-11-15 Testifying as an expert in emotionally laden child abuse cases is no easy task Dr Reece a retired Clinical Professor of Pediatrics has taught medical students residents and colleagues nationally and internationally about the diagnosis and management of child abuse cases for over forty years He crafted this book To Tell the

Truth to illustrate countervailing arguments that jurors may hear in cases of abusive head trauma He hopes this will enable the reader to distinguish between fact and fiction in testimony A compelling story addressing an issue familiar to physicians who care for children but important to all of us A baby dies and the question of a sad natural death weighed against a homicide and who caused the death becomes a quagmire of truth and lies inherent in the justice system assigned to determine guilt or innocence Characters reflect personal attitudes and emotions creating glimpses into their humanity as the baby's case winds its way through an all too real courtroom drama The narrative of witnesses in the courtroom and tactics of attorneys brings the reader face to face with a startling reality sometimes criminal cases are influenced by more than the truth the whole truth and nothing but the truth Robert W Block MD FAAP Professor Emeritus Pediatrics The University of Oklahoma School of Community Medicine Past president American Academy of Pediatrics *The Shaken Baby Syndrome* Vincent J.
